

Room Visualizer Details

With so many products to choose from, it can be tough to decide on just one. Our NEW visualizer tool allows you to try out hundreds of flooring and backsplash products to see how they will fit in your space, making your decision easier. The visualizer can be used with any device and in a matter of seconds.

The screenshot shows the Room Visualizer interface. At the top, there are navigation options: REMOVE PRODUCT, ROTATE SURFACE, CHANGE PATTERN, and CHANGE ROOM. The main area is a 3D rendering of a living room with a wooden coffee table, two sofas, and a ceiling fan. Numbered callouts point to various features: 1. Product filter sidebar; 2. Product selection grid; 3. Remove product button; 4. Rotate surface button; 5. Change pattern button; 6. Change room button; 7. Surface selection (Walls/Floors); 8. Go to product page button; 9. View all selections button; 10. Add to cart button; 10. Request a quote button. Below the main area, there are social sharing options (Email, Download) and a 'Rate Your Experience' section with five stars.

Once in the dashboard, you can:

1. Filter by product type.
2. Select a product as your favorite to view later.
3. Remove this product and restore to original photo.
4. Rotate the surface (change plank direction).
5. Change installation type (pattern).
6. Change Room photo.
7. Select Surface to apply wall or flooring options.
8. Go back to the product page (on homeoutlet.com).
9. Display swatches for all options you have on current display.
10. Go to quote request page.
11. Save/Share (link, download, email, social).
