Home Outlet Americana White Shaker Sample Door Program

Cabinetry for your home is one of the largest investments you can make in your home's appearance and value. Home Outlet offers sample cabinet door fronts for our Americana White Shaker cabinets so you can rest assured you're making the best decision for your home without making a large investment.

Door Construction

Sample doors measure 11" wide by 14" tall and feature construction identical to the actual Americana White Shaker cabinetry products. Doors are made of solid wood face frames with an HDF center panel to prevent warping & cracking. Sample doors are painted with the same paint as the remaining cabinets in the Camille cabinet line to provide a true representation of the finish and quality you can expect.

Purchase Process

After purchasing your sample door online, a coupon code will be emailed to you. This coupon code can be used toward the future purchase of your Camille Warm White Shaker cabinets on the Home Outlet website.

Coupon Redemption

Sample cabinet door coupons should be redeemed on the Home Outlet website during the checkout process. For any questions about our sample door program or issues with coupon code redemption, please use the Chat feature of our website for immediate assistance.

We hope you'll love the timeless look and superior build quality of our Americana White Shaker cabinets. Backed by a 5 year limited warranty, you can buy with confidence at the guaranteed lowest price!
