Spare Parts

The use of spare parts and accessories not provided, tested and released as originals by Rosenbauer can have a negative effect on design-related characteristics and thus impair operational safety.

For your own safety, use only spare parts and accessories from Rosenbauer. Use of other products and resultant injury, Rosenbauer assumes no liability.

Spare Parts of purchased Parts

For spare parts of purchased parts, please refer to the spare parts list issued by the manufacturer.

Special equipment

The spare parts list also contains descriptions of special equipment and additional equipment not forming part of the normal scope of delivery. The scope of delivery is always determined by your order. The equipment and furnishings for your product may therefore partially deviate from the descriptions or illustrations.

If your product should be fitted with furnishings not shown or described in this spare parts list, then please contact the customer service of Rosenbauer or one of our representatives around the world who are available whenever they are required.

Introduction
