elgato

PROFESSIONAL SOLUTIONS 2025

TAKE YOUR WORKSPACE TO THE NEXT LEVEL.

ELGATO IS A GLOBAL LEADER IN AUDIO VISUAL TECHNOLOGY FOR THE RAPIDLY EVOLVING WORKSPACE.

Quality and ease of use are the cornerstones of our design philosophy.

From video and sound to lighting, mounting, and beyond, our products streamline workflows and bring people together. Powered by decades of expertise in hardware and software design, we build intelligent solutions for professionals in business, education, healthcare, hospitality, entertainment,
and countless other sectors.

Elgato was founded in 1999. In 2018, Corsair acquired the brand and its employees. Based in Germany and California, the company distributes products in over seventy five countries around the world.

TAILOR YOUR WORKSPACE TO YOUR NEEDS

Ultra-bright, dimmable, and easy to adjust via the Control Center App - **Key Light Air** makes your workspace and camera feed shine.

With **Prompter**, deliver your content with confidence. Present video scripts, read Twitch chat, or Zoom conference with natural eye contact — and connect with any audience.

Connect a wealth of devices to your Mac or PC with the **CORSAIR TBT100 Thunderbolt™ 3 Dock,** boasting up to 40Gbps bandwidth while efficiently charging your laptop with smart charging technology.

You need a broadcast-grade microphone that plugs directly into your setup, and a mixer to blend audio sources with ease. Meet **Wave:3** - your complete audio solution.

Launch websites, control apps, orchestrate teleconferences like a boss, and much more. **Stream Deck** lets you easily customize unlimited shortcuts, and put them directly at your fingertips.

MEET NEO

Great tech made easy.

Make a real impact.
From first meetings to everyday interactions, Neo helps you and your audience feel more connected across virtual space.

Ready when you are.
A true plug-and-play experience, Neo does it all right out of the box and at a moment's notice.
No tech skills or setup required.

Fits every space.
Neo doesn't need a pro setup. It meets you where you are, whether that's working from your laptop or recording on an iPad.

Feel more at home.
Even at the office or on the go. Neo's cozy, signature style inspires creativity and looks incredible—you're gonna love it.

Grows with you.
As your skillset evolves, so do Neo's capabilities. There's a world of customization and control waiting, if you want to go further.

Windows 10 Compatible

Mac

STREAMLINED WORKFLOWS MADE EASY.

STREAM DECK NEO

Great workflows made easy. Meet **Stream Deck Neo**, an eight-key controller that makes everyday tasks fast and fun. It automates the little repetitive stuff, like pasting text or browsing folders, so you can focus on bigger things. Customize your keys, connect apps like Spotify or Teams, and get more done with less grind.

FACECAM NEO

Meet Facecam Neo, a plug-’n-play webcam that captures everyday meetings and livestreams in smooth 1080p60 true HD. Getting started is fast and easy—even right out of the box—by connecting via USB to your laptop or desktop. So you can switch on your cam with newfound confidence.

WAVE NEO

Meet **Wave Neo**, a plug-’n-play mic that captures everyday moments at home, in the office, or on the go. It may be easy to use, but to your listeners you’ll sound oh-so smooth and professional. So you can unmute and speak with newfound confidence.

GREAT IMPRESSIONS MADE EASY

KEY LIGHT NEO

Key Light Neo plays beautifully with webcams, making you glow with confidence the moment you turn it on. Plus its edge-lit design eliminates glare, so you can stream or video call for as long as you want. Just connect it to your laptop, plop it on your monitor, and look pro every time you're online.

ALL YOUR DEVICES, JUST A CABLE AWAY

CORSAIR TBT100 THUNDERBOLT 3 DOCK

CORSAIR TBT100 Thunderbolt 3 Dock connects a wealth of devices to your Mac or PC, boasting up to 40Gbps bandwidth while efficiently charging your laptop with smart charging technology. Use USB, HDMI, UHS-II SD Card, 3.5mm audio and more. It looks great and easily fits into any setup. Supports dual monitors. Compatible with all Elgato products.

Windows 10 Compatible

Mac

BACKGROUND AND RIGGING SOLUTIONS

Multi Mount is a modular rigging system forged from metal. It lets you mix components (sold separately) to match your workflow. Lights, cameras, phones and more – prop your gear at any distance or angle.

Green Screen a portable and collapsible chroma key panel optimized for background removal. The auto-locking frame, wrinkle-resistant fabric and aluminum hard case, ensure an ultra-quick setup and teardown.

Green Screen XL takes live streaming and video conferencing to the next level. Height adjustable. Space-saving. Durable and wrinkle-free. Set up and pack up in seconds. Stash out of sight under a bed, sofa, or desk. Always look pro.

AUDIO SOLUTIONS

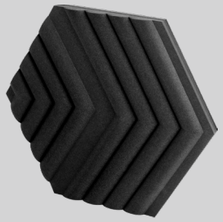

Wave:3 is a premium microphone and digital mixing solution that fuses plug and play convenience with broadcast-grade circuitry. Silence your mic feed upon the lightest touch with the capacitive mute sensor. And combine all your audio sources, plus create two independent mixes with the Wave Link app.

Wave DX captures accurate lows and luscious highs while rejecting room noise. It's hard to find a mic that can do both. Connect any audio interface, no signal booster necessary. Broadcast-ready right out of the box.

Wave XLR features proprietary anti-distortion technology, swappable design components, and integration with custom mixing software.

Wave Panels with dual density foam construction, proprietary EasyClick Frames and a modular design, Wave Panels transform any space into a professional acoustic environment.

A studio-grade boom arm for your premium microphone, **Wave Mic Arm LP** sits below the shoulder line for an unobstructed view.

Wave Mic Arm Pro features superior suspension technology for ultra-smooth, silent adjustments. Complete with customizable hinge caps, hidden cable channels, and a robust build, it's the mic arm for pros.

Meet **Wave Neo**, a plug-'n-play mic with all the clarity and capabilities of premium audio. It captures everyday moments at home, in the office, and on the go in ways your built-in microphone can only dream of.

***Requires Lightning-to-USB adaptor**

Compact and ultra-flexible, **Wave Desk Stand** makes it easy to mount and maneuver your equipment into the perfect position for podcasting, conferencing—anything.

LIGHTING SOLUTIONS

Ultra-bright and dimmable. Space-saving and built to last. App-controlled and destined to evolve with you. Everything about Elgato **Key Light** says: you're pro.

Control Key Light with dedicated buttons, or let Light Remote set the perfect brightness level automatically.

***Additional support coming to select Elgato lights**

Ring Light designed to flatter the skin, eliminate shadows, and give your eyes that special sparkle without glare. Adjust light settings via the onboard buttons or app, and set the camera angle independently thanks to the camera ball mount.

Introducing **Key Light Neo**, a tiny but mighty light that makes you glow with confidence the moment you turn it on. Unlike desktop lamps or ceiling lights, Key Light Neo plays beautifully with webcams. Dial in the perfect hue for your skin tone. Our iconic edge-lit design eliminates glare, so you can stream or video call for as long as you want.

VIDEO SOLUTIONS

We think webcams should do more. With **Facecam**, you get more than just true-to-life 1080p 60fps video—you get the image control of a professional DSLR camera.

Meet **Facecam Neo**, a plug-'n-play webcam with all the clarity and capabilities of premium video. It captures everyday meetings and livestreams in true 1080p60 HD, a dream compared to your laptop's built-in camera. HDR makes colors more vibrant and keeps you looking oh-so clear in harsh lighting. Getting started is fast and simple—even right out of the box—as Facecam Neo mounts seamlessly to almost any monitor.

EpocCam easily turn your phone into a high definition Mac or PC webcam. Perfect for business, online teaching, live streaming and more. Works seamlessly with popular video conferencing and broadcast software like Zoom, Microsoft Teams, and OBS Studio.

Cam Link 4K use your DSLR, camcorder or action cam as a professional webcam on your PC or Mac. Stream or record in stunning 1080p60 quality or even 4K at 30 fps. And broadcast live via any platform in no time thanks to ultra-low latency technology.

Cam Link Pro a powerful video mixer engineered for multicam production, Cam Link Pro equips you to capture four HDMI signals from cameras, computers, laptops, tablets and more. Stream or record in 4K or 1080p60 Full HD, get independent source control in broadcast software, and add four cameras to video conferencing apps with Elgato Multiview.

WORKFLOW CONTROL SOLUTIONS

Stream Deck takes software control to a whole new level, seamlessly integrating with your favorite tools and platforms. 6, 15 or 32 customizable LCD keys let you instantly trigger unlimited actions with a tap. So you can easily power through your workflow like never before.

Iconic **Stream Deck** tech with customizable LCD keys, dials, and touch strip. Stream Deck + is your audio mixer, studio controller, production console – anything you want it to be.

Stream Deck Pedal gives you instant hands-free control of your apps and tools. Go live, mute your mic, toggle cameras, and control almost anything in your setup. Hit the Stream Deck Store for app plugins, thousands of royalty-free tracks, sound effects, and more.

Meet **XLR Dock**, an audio interface with a mighty preamp that brings your microphone to life. It slots directly into the back of Stream Deck + to keep your workspace clear. So you can mix, monitor, and control anything from hardware to your apps—all in one place.

Short on ports? Now your Stream Deck + doubles as a **USB Hub**. Around back, connect up to four extra devices, from peripherals to external drives. It also powers your laptop, freeing the port you'd normally use for charging. So you can expand and streamline your setup—all with a single USB-C cable.

Great workflows made easy. Meet **Stream Deck Neo**, an eight-key controller that makes everyday tasks fast and fun. So you can focus on bigger things.

Hyper-customizable and widely compatible, **Stream Deck Studio** brings modern routing, control, and monitoring capabilities to broadcast infrastructures big and small. Paired with custom Bitfocus Buttons software, setting up and reconfiguring is quick and easy. IP and SDI protocols ensure seamless integration with both legacy equipment and the latest devices. Design workflows your way, navigate complex setups with instant visual feedback, and personalize user access via integrated NFC authentication. Built for professional broadcasting, Stream Deck Studio combines efficiency, versatility, and cutting-edge technology to streamline production workflows like never before.

THUNDERBOLT & USB SOLUTIONS

CORSAIR TBT100 connect a wealth of devices to your Mac or PC, boasting up to 40Gbps bandwidth while efficiently charging your laptop with smart charging technology. Supports dual monitors.

CORSAIR TBT100 DP Enjoy Thunderbolt™ 3 connectivity with this docking station for Windows or Macbook, with 2 DisplayPort outputs and laptop charging through a single cable. Supports dual monitors.

CORSAIR TBT200 Connect a multitude of devices to your Mac, PC or Chromebook with the CORSAIR TBT200 Thunderbolt™ 4 Dock with ten additional ports - including four Thunderbolt™ 4 USB-C ports - while efficiently charging your computer with smart charging technology.

USB100 Expansion Hub Keep all your USB devices connected with the **CORSAIR USB100 7-Port USB Type-C/USB Type-A Expansion Hub**, with three USB Type-C ports and four USB Type-A to simultaneously connect a host of devices to your PC.
