Par Excellence Redux

The Front 9: July 7 – September 26, 2021

The Back 9: October 13 – January 2, 2022

In a unique collision of recreation and art, the Museum commissioned an 18-hole artist-designed golf course (split into two 9-hole exhibitions) by local and national artists. The fully playable course is designed to fill the entirety of the museum's interior galleries. The two 9-hole courses will be comprised of a surprisingly varied collection of themes and forms, promising an unusual twist on a familiar pastime – including a fortune-telling hole that has the power to dramatically change scores as well as a hole that challenges players with an optical illusion.

The Front 9 opens July 7th with advanced Tee Times now available.

Exclusive 2-hour access to the mini golf course for up to 25 guests
