This fall we are excited to announce the return of our in-person school and group tours. We're excited to announce that Pilsen-based street artist Sentrock will be featured in his first ever solo museum exhibition this fall. These guided group tours are designed to engage and inspire your class. Our education team tailors each tour to meet your group's needs and objectives whether educational, recreational or professional.

Art is for Everyone Program

For many schools, the cost of transportation is the single largest hurdle in providing the benefits of culturally enriching field trips. The Elmhurst Art Museum's Art is for Everyone Program gives children from under-funded schools exposure to the arts as well as their academic and cultural benefits.

The Art is for Everyone Program is supported by our 2021 Soiree donors.
