The Texas Instruments Home Computer.

It's a whole new way to learn.

Having your *own* computer can open a whole new world for you. Whatever your chosen field, you'll find the Texas Instruments Home Computer a powerful tool for analysis, problem solving, record keeping, decision making, research, and more. And the power it places in your hands can be put to work quickly and easily.

Broad choice of software

Pre-programmed Solid State Software™ Command Modules — based on the same concept proven in TI's programmable calculators and containing up to 30k bytes of read-only memory — simply snap into place and you're ready to go. There are more than 40 of them. And over 400 more programs are available in cassette and diskette formats. There's a broad and fast-growing choice in the areas of engineering, science, business, art, self-improvement ... and entertainment.

Powerful programming capability

For your own programming, you'll find TI BASIC is a rich and versatile language. It's powerful, yet easy to learn and use. What's more, it's built right into the Texas Instruments Home Computer. Random-access memory supplied is 16k bytes (ex-

pandable to 48k bytes). There's an excellent, typewriter-style, full-travel keyboard with overlays for second functions. Sixteen colors are available and sound through five octaves — 110 Hz to beyond 40,000 Hz — with capability for three simultaneous tones. At the heart of it all: a 9900-family, 16-bit microprocessor.

Optional accessories — including speech!

With the Solid State Speech™ Synthesizer accessory, you can add electronic speech — more than 370 English words. Use it with the Terminal Emulator II Command Module and TI's phoneme stringing technique delivers a virtually unlimited vocabulary. Other optional accessories include Memory Expansion (32K bytes of RAM), Disk Memory Drive and Controller, Telephone Coupler (MODEM), Solid State Printer, RS232 Interface, Wired Remote Controllers, 10-inch Color Monitor, and a Video Modulator.

Compare and you'll find the TI-99/4A Home Computer gives you more for your money, feature for feature. And, if you have a television receiver, you can get started for less than \$600! See your dealer today for a demonstration.

Texas Instruments invented the integrated circuit, microprocessor and microcomputer. Being first is our tradition.

THE WHITE ROCK MARATHON

Dear Dallas White Rock Marathon Runners:

The Dallas White Rock Marathon Committee sincerely congratulates all of the participants in the 12th Annual White Rock Marathon. This year's race drew over 3,000 runners, with over 2,400 finishers.

The success of a race like this can only occur through the dedicated efforts of the many many volunteers who contribute their time, money and efforts. This year nearly 300 people donated their time to make this event come off as smoothly as it did.

We also extend our many thanks and congratulations to all of the sponsors, and look forward to much success at the 13th Annual Dallas White Rock Marathon. For all of you who enjoyed this year's race, we plan to make next year's marathon even better. (Hopefully the weather will once again cooperate.)

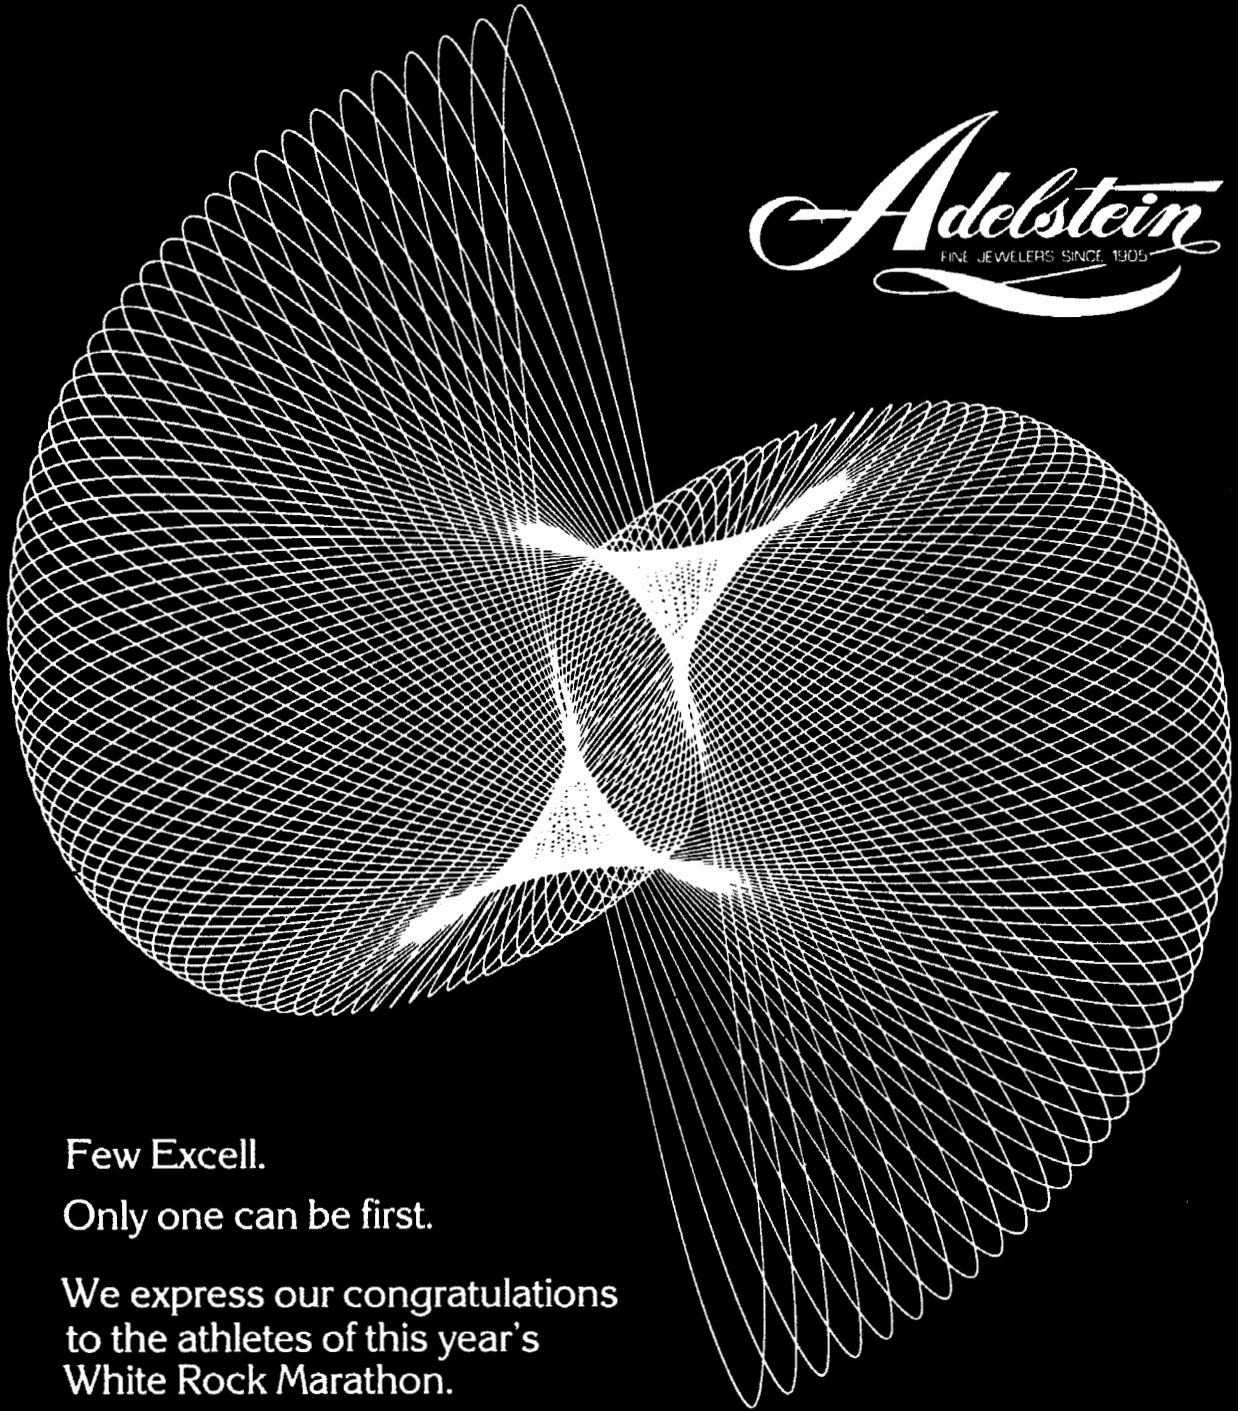

Optimistic plans are already under way to make the 1982 Dallas Marathon even better than the previous runs. We hope you all have a great running year, and we look forward to seeing you December 4, 1982 for the 13th running of the Dallas White Rock Marathon.

See you on the course,

Donald Key

The 3086 entrants indicate that the running boom is here to stay and Texas' largest marathon is still growing in numbers as well as recognition as one of the nation's finest runs.

"JIMMY THE GREEK"

All the pre-race attention settled on 1979 and 1980 runners-up Fred Torneden and Ben Moturi and 1980 3rd place finisher Juan Zetina. Fred Kirksey was the early rabbit leading the first 2 miles at 5:02 and 10:02. At 5 miles Juan was 2 seconds ahead of Moturi and Torneden at 25:33, but Moturi took off at a sub 5 pace and by 10 miles was flying. His 50:12 was 42 seconds ahead of Zetina and 46 ahead of Torneden. Five miles later Torneden had retired due to a side stitch and Moturi was firmly in command on the way to what appeared to be an easy victory and a sub 2:12 run. His split was 1:15:30 with a grim Zetina holding on gamely 71 seconds back. For the first time David Miley was in the top three, 84 seconds behind the smooth striding Kenyan.

"HE WHO LAUGHS LAST"

In 1980 David had blazed a 4:57 first mile and led for the first 3 miles. His 4th place finish was a painful lesson in pacing. This year his plan was to run 5:10's. (See his splits in "Runner Profiles".)

"THE WORM TURNS"

There were no changes at 20 miles; in fact, the oddsmakers were looking good as Moturi blew through in 1:41:51. Zetina was gamely chasing and had closed to 45 seconds while Miley was a distant 3rd 78 seconds back. All the pundits who had decided the race was over the last 6 miles liberally smeared egg on their faces. First, Moturi unexpectedly began having cramping problems and his pace dropped dramatically. Now Zetina pounced on his ex-NISU teammate and passed him at 24 miles and seemed to be a shoo-in.

"TURNABOUT'S FAIR PLAY"

This was sweet revenge for in 1980, Juan was run down by Ben in the last mile to claim 2nd place by 5 seconds. As a result, Moturi was wearing runner #2 and Zetina #3 recognizing the 1980 finish.

"PUT OUT THE LIGHTS, THE PARTY'S OVER"

Somewhere Don Meredith was singing his Monday Night Football song but now a charging David Miley was looking for Zetina in the crowd of lapped runners having passed Moturi at 24 1/2. Just after 25 he saw Juan weaving around a pack of slower runners not 40 yards ahead. With 1/2 mile to go David led the race for the first time. His finish was 18 seconds ahead of Juan and Moturi was a spent 3rd at 2:18:00. David's 2:16:13 is the 5th fastest in White Rock History.

"NUMERO UNO"

Julie Brown of San Diego was wearing the number "1" and that was what she was from start to finish. Although she came to Dallas with hopes of setting an American record, tight hamstrings from the TAC X-Country Championships a week before prevented her from pushing for that goal. She was under a 2:30 pace at 10 miles but by 20 she was running protectively. Her time of 2:33:39 was almost 8 minutes faster than Martha Sartain's record set in 1980. Julie is now the 4th fastest American.

"QUICK, QUICKER, QUICKEST"

Glenys Quick of TWU and New Zealand was meanwhile running a spectacular 2:35:24 first marathon and was left wondering where the famous "wall" was as her 5 mile splits were: 29:26; 29:17; 29:50; 29:22; and 30:13.

"BIG RED MACHINE"

Another 1st timer was Kellie Cathey, a 20 year old Oklahoma junior. At 5 miles someone yelled that she was in 6th among the women. That seemed to wake her up because after starting with a 6:45 first mile she split 62 at 10 and 2:01:58 at 20. Her last 6.2 was a sprint in 36:31.

"OH WHAT A BEAUTIFUL MORNING"

With a starting temperature of 44° and 58% humidity it seems only reasonable that Oklahoma would provide the male winner and 3rd place female. In all 2448 finishers out of the 3086 entrants made the 12th Annual Dallas White Rock Marathon beautiful.

RUNNER PROFILES

DAVID MILEY

In David's 3rd run at White Rock he has moved from 12th in 1979 to 4th in 1980 and now to 1st. A 22 year old senior accounting major at the University of Oklahoma, Miley has a twin brother, John. The 2:16:12 is the 5th fastest time in White Rock history. His run was carefully squeezed out as shown by his splits below:

<u>1 mi</u>	<u>2 mi</u>	<u>5 mi</u>	<u>10 mi</u>
5:10	10:16	25:39	51:20

<u>15 mi</u>	<u>20 mi</u>	<u>25 mi</u>
1:16:54	1:43:09	2:09:45

<u>0-5</u>	<u>5-10</u>	<u>10-15</u>	<u>15-20</u>	<u>20-25</u>
25:39	25:41	25:34	26:15	26:36

JUAN ZETINA

From Toluca, Mexico, Juan is finishing his last 30 hours on a degree in Spanish and Physical Education from North Texas State. Having now completed his college eligibility at age 25, Juan is beginning to make his mark with a 2:16:59 at Boston-81 good for 37th. He was 3rd at White Rock in 1980.

BEN MOTURI

The 1980 second place finisher at White Rock, this 27 year old graduate student at NTSU from Kenya lowered his best time from 2:20:24 to 2:18:00. Ben appeared to have the race locked up splitting 10 miles at 50:12 and 20 miles at 1:41:51 before cramping at 24 and fading to 3rd place.

RUNNER PROFILES

JULIE BROWN

Born in Billings, Montana, where her father is a lawyer, this was Miss Brown's 5th marathon. At 25 and a many time national champion, Julie's 2:33:39 makes her the 4th fastest American woman marathoner. In 1977 she set a then American record in just her 2nd marathon. Her line to line leading splits were:

<u>1 mi</u>	<u>2 mi</u>	<u>5 mi</u>	<u>10 mi</u>	
5:45	11:18	28:29	57:11	
<u>15 mi</u>	<u>20 mi</u>	<u>25 mi</u>		
1:26:16	1:56:03	2:26:26		
<u>0-5</u>	<u>5-10</u>	<u>10-15</u>	<u>15-20</u>	<u>20-25</u>
28:29	28:42	29:05	29:47	30:23

GLENYS QUICK

A New Zealander running her first marathon at age 24, Glenys clocked 2:35:23 which she believes is probably among the top 3 or 4 New Zealand women's times ever. Miss Quick is a student at Texas Women's University in radio and television journalism and may be a name to remember for Los Angeles in 1984.

KELLIE CATHEY

Just 20 and running her first marathon, Kellie went out extremely slow and then exploded. After a first 10 miles in about 62 minutes at 20 miles she was 2:01:58 and finished the last 6.2 in 36:31! Miss Cathey is a junior geology student at OU and a 5,000 runner in track.

"I KNOW A SPORTS TOWN WHEN I SEE ONE, AND NO PLACE EVEN COMES CLOSE TO DALLAS."

Dave Smith, Executive Sports Editor, Sports Day

In this city, we see determination and daring all around us — but nowhere more dramatically than in the sports arena.

Where the world's best fans go simply nuts — over Cowboys and college games. Mavericks and alma maters. And even after years of Superheroes, Superstars and Super Bowls, Dallas is still hungry for more.

Capturing this sports fever is no easy goal. But The Dallas Morning News pulled ahead by recruiting the best person to do the job. That meant Dave Smith, whose track record includes leading the Boston Globe Sports Section when

it was named "best in the country" by Time Magazine. And in Dallas, he wasted no time putting together a larger, stronger team that would change the way we look at sports. For good.

We're committed to doing whatever it takes to staff and cover both the local and national events Dallas follows. To do this, our sports staff has been increased by 50% — to 30

editors and writers.

With two reporters who exclusively cover professional football and baseball on a national scope. Plus, of course, writers to staff our own professional teams. We've expanded high school coverage. Created our own comic strip. And added specialized new features from the most comprehensive sports broadcasting guide in the Southwest to a Sunday Fans' Page.

And the score thus far? It's clearly in our favor, reflecting the kind of leadership people are quick to recognize. Because Dallas knows the best sports section when it sees it.

Unmistakably Steak & Ale.[®]

A fine, aged steak, done exactly to your order. That's good. When it comes to the table still sizzling, that's better. But when you look forward to it an hour before you arrive, and the evening feels so good you linger an hour after you expected to leave—that's unmistakably Steak & Ale.

Enjoy it all with the American Express[®] Card.
