RUNNING THE RACE TO THE FINISH
OR TO THE FUTURE
DEMANDS COMMITMENT, DETERMINATION, VISION...
AND A DREAM.

30 years at the heart of invention... 10 years supporting "THE ROCK."

**TEXAS
INSTRUMENTS**

DEAR RUNNERS:

Nineteen eighty-eight was a banner year for the Dallas White Rock Marathon. The 19th running of The Rock was blessed with a field of more than 3,200 runners, an exceptionally high percentage of finishers, a work force of 1,300 cheerful volunteers, and some of the best running weather we've enjoyed in years.

The growing international flavor of The Rock was unmistakable in 1988, as attested by this year's winner, Andres Espinoza Perez of Monclova, Mexico. Andres and 150 other Mexican nationals joined runners from Canada, Asia, Europe, Central America, and 32 states at the starting line, making our bilingual race volunteers the most popular folks in town.

As usual, our generous sponsors, supporters, and faithful volunteers made it all possible. Year after year, The Rock is voted one of America's top marathons, thanks in no small part to the significant financial support we receive from Texas Instruments, American Airlines, TGI Friday's, and Mass Mutual, and the substantial amounts of services, supplies, and labor that are donated by our associates, patrons, and countless contributors and unpaid volunteers. When you have the opportunity, let these Marathon benefactors know how much we appreciate their support!

But of course, the real stars of the Dallas White Rock marathon are you, the runners. We're proud of our reputation as one of the best run, best organized, and most fun races around for first-timers as well as veteran marathoners.

See you on December 3, 1989 for the 20th running of The Rock!

WINNING THE ROCK

By Robert Vernon

You've got to tip your sombrero to Andres Espinosa Perez. For a guy who says he's not serious about his training, he sure can do some serious running.

Perez, a 25-year-old steelworker from Monclava, Mexico, entered the 1988 Dallas White Rock Marathon basically on a whim. A friend who was running in the race asked Perez to come along. Perez came along all right, and he carried the first-place trophy back across the border with him.

What was meant to be a welcome home waltz for favorite son John Lodwick turned into a Mexican hat dance when Perez, a complete unknown in marathon circles and a late entry to boot, slipped into town and ran away with the 1988 edition of The Rock.

Perez said adios to Lodwick, a two-time winner of The Rock, in the 10th mile of the 26.2-mile race and ran on to an impressive winning time of two hours, 16 minutes, 13 seconds. It was the fastest time run at The Rock since Kyle Heffner won in 2:13:48 in 1983.

After leading early, Lodwick, whose 2:12:18 in 1982 remains the fastest time in the 19 editions of The Rock, developed calf problems and dropped out of the race at 19 miles.

Having passed Lodwick, Perez, competing in only his second marathon, ran unchallenged the rest of the way as he became the first Mexican champion of The Rock.

Working in the steel mill from 7 a.m. until 3 p.m., Perez squeezes in his mileage after work. He said he averages 80 miles a week.

Perez also has some peculiar training habits, like the 18-mile training run he sweated through two days before the race.

Through an interpreter, Perez said he wasn't worried about Lodwick's early lead.

"I thought I had good rhythm," said Perez, who stayed consistently around 5:10 pace the whole way. "I thought John had good rhythm, but I didn't

think he could keep it up."

Lodwick didn't think his jackrabbit pace was too fast.

"I felt comfortable," he said. "I was surprised there wasn't a pack around or ahead of me."

Lodwick's biggest problem may have been the fact that he had been away from the marathon for three years and might have been a little rusty at the distance.

Jeff Pope, of Alamosa, Colo., finished second in 2:26:19, with Carlton Odom of Dallas taking third in 2:29:31.

Although Lodwick's return to The Rock was spoiled, another former winner found the race and the day much to her liking.

Martha Ashley, the 1980 champion, returned to the race for the first time in eight years. It looked as if she'd never been away, as she ran to victory in 2:46:30.

"It was great," she said. "I had some problems with leg cramps, but my breathing was real easy."

Ashley had trailed Ann Bond by as much as a minute through 15 miles, then she pulled even. They ran together through the 16th mile, then Bond began to slow. At 20, Bond stepped off the course and called it a day. Last year, she led The Rock through 20 miles before stopping.

The victory was the second White Rock title for Ashley, who won the 1980 race in 2:41:14, a time which still rates as her best performance.

"It felt great to win," Ashley said. "I really had a good time out there. I think the victory is symbolic. It's symbolic of being able to take running and putting it in its proper perspective."

"A more relaxed attitude helped," Ashley said, "especially when I started having problems out there."

"My legs started cramping at mile 17. I thought I might have to quit, but my breathing was easy, so I just kept running."

"I'm glad I didn't have to quit,

because this race was so special. It didn't make any difference to me whether I won or finished second or third, I was just happy to be back. And I'll keep coming back. I'll be running White Rock when I'm 50."

Of course, Ashley might not have been in the winner's circle had it not been for unemployment.

Ashley had left her job as a math teacher at Irving High School last year to accompany her husband Ken, a professor of electrical engineering at SMU, to West Germany for a five-month sabbatical.

When she returned last spring, Ashley began job hunting, but she couldn't find the position she wanted. So, she hit the roads.

"If I'd gotten a job, I'd never have had the time to train," Ashley said.

As it turned out, Ashley had plenty of time to train for her first marathon in six years.

And the results were impressive.

Defending champion Charlene Soby of Chicago won a dramatic sprint to the finish in 2:54:24, overtaking and beating Kris Haezebroeck of Plano by one second.

It was one of the best women's races ever at The Rock. Besides Ashley, whose time was the fastest winning time here since Julie Brown set the event record in 2:33:39 in 1981, more women runners (six) finished under three hours than in any White Rock since 1982, when seven finishers ran sub-three.

The race also witnessed an upset in the men's Masters (40 years of age and older) division, where Carlos Giron, 42, of Dallas knocked off five-time winner Robert Abbott. Giron finished 16th overall in a time of 2:34:37. Mike Matheney was second in 2:42:59 and Abbott was third in 2:44:59.

Ingrid Cofield, 40, of Rowlett was the women's Masters champ, taking 14th overall in a personal best time of 3:09:33.

Jeff Sewell won the wheelchair division in 2:24:58.

(To the tune of Winter Wonderland)**

Here we come, are you ready,
Down the road, running steady.
The big and the small,
The short and the tall,
Running in the Dallas Marathon.
Hear the crowds hip-hurrying.
Down the lane, bands are playing.

Running in the Dallas Marathon.
When we finish, there will be a dinner.
There will be so much to drink and eat.
When they give the trophy to the winner,
We may all be dancing in the street.
Later on, we'll jacuzzi,
We'll relax 'til we're snoozy.
We'll face unafraid,
The blisters we made
Running in the Dallas Marathon.

THE RO

THE ROCK.

At The Dallas Agency, we insure more than lives.

Our clients are successful. They're on the move. But it takes more than success, alone, to take them where they want to go.

They need a life insurance program that can be the innovative core of their personal financial plan. A plan that can include the insurance, pension trusts, annuities, and investments their success requires. Because it isn't enough for them to make money, they have to protect it and help it grow.

And that's where their Mass Mutual representative comes in with the expertise, commitment and professionalism that earns them this well-deserved recognition.

AWARD FOR EXCELLENCE

By Robert Vernon

Francie Larrieu Smith wins Award for Excellence, presented by the Staubach Company.

No book on America's greatest runners would be complete without including a chapter on Francie Larrieu Smith.

At one time or another, she's held 30 American records and 16 national championships at distances ranging from the half-mile to 10,000 meters.

Primarily known as a miler throughout most of her competitive career, Smith has moved up to become one of the best 10K and marathon runners in the United States.

She proved that in the past few

months by finishing fifth in the 10,000 meters at the 1988 Olympic Games in Seoul, South Korea, in a personal best time of 31:53.3, then coming back six weeks later to run a career best in the marathon by finishing second at the Bank One Marathon in Columbus, Ohio, in 2:32:31 only two weeks before her 36th birthday.

And so, it is easy to see why she was the overwhelming choice to receive the 1988 Dallas White Rock Marathon Award for Excellence.

The award was presented to Smith at

the carbo dinner on Saturday evening, December 3, 1988, at the Dallas Downtown Sheraton Hotel.

The previous recipients of this award have been Dr. Kenneth H. Cooper, Dr. George Sheehan and Robert Vaughan.

Born in Sunnyvale, Calif., Smith made her mark at age 13 in the 1500 meters.

At age 19, she set an American record in the 1500. At 22, she established an indoor world record for both the mile (4:28.5) and the 1500 (4:09.8). By the time she was 26, she had been a member of the U.S. Olympic 1500 meter team three times: 1972, 1976, 1980. By making the 1988 Olympic team, her fourth, she became the only member on the track and field squad to have also been among the Olympic Class of '72. Smith, who lives and trains in Dallas, did not let a disappointing fifth-place finish in the 3,000 at the 1984 Olympic Trials linger. She re-emerged a year later as a roadracer. She announced her return to the winner's circle by surprising Grete Waitz and Joan Benoit at the 1984 L'eggs Mini Marathon in New York. Later that same month, she won her first national crown in the 10,000 meters, beating Waitz again. In 1986, she competed in her first marathon—the Houston-Tenneco Marathon—and took second in 2:33:36.

Smith had hoped to make the 1988 Olympic team in the marathon, but an injury kept her from the Trials. Undaunted, Smith altered her training and focused on the 10,000.

At the Olympics, Smith was the top American finisher and was only .22 seconds off the American record held by Mary Decker Slaney.

"I wanted to run a PR, I wanted to break 32 minutes, and I wanted to be the first American," Smith said.

As always, Francie is in pursuit of excellence, and excellence is something she has achieved all through her career.
