Welcome! Today we’ll:

1. Learn how to use Pear Deck in Google Slides (in less than 5 mins!)
2. Discuss ways to use it asynchronously and synchronously
3. Explore the Student & Teacher Views
4. Build your first lesson & Q&A!
Make your lesson interactive with the power of Pear Deck!

1. Open the Pear Deck Add-on through the Add-ons menu.
2. Add interactive slides from our library or create your own custom questions.
3. Click the ‘Present Lesson’ button to start your interactive lesson.

(Psst! If you don’t know what Pear Deck for Google Slides is, click here!)
Draw the planet that comes after Jupiter!
How much do you know about Pear Deck?
What do you wonder about Pear Deck?
What is filling your bucket today and what’s draining it?
Every student deserves a voice.

Example Templates for all subject areas
(Explore in Student-Paced Mode!)
Circle the correct choice: “La camisa del chico es roja.”
Estimate: How many jellybeans can fit in a Mason jar?
Bar Lines

Draw a bar line every 4 beats.
While exploring the Statue of Liberty, think about:

- What do you see?
- What do you think?
- What do you wonder?
Color by Number

Color Peary using the key below, then use other colors to draw a scene around them!
