306 - African American History

African American influence can be found at the core of American life, from science and academia to music, arts, and social movements. When you explore the journey of African American history, you find stories of strength, resilience, and achievement. In every community, these stories are foundational to building shared values, which inspire today's youth to become tomorrow's leaders.

306: Continuing the Story

These lessons use storytelling to reveal Black experiences that students may not know about. These additional lessons offer a continuation of 306: African American History, drawing connections between shaping historical events from the civil rights era to modern day.

BINAH: Building Insights to Navigate Antisemitism & Hate

The first-person narrative storyline will help students to understand the history of antisemitism and connect past events with those happening in the present.
