# Free Digital Learning Platform

## Interactive Digital Lessons

Library of turnkey, engaging digital lessons with real-world scenarios

## Assessments & Automatic Reporting

Real-time reporting to see students' baseline knowledge and growth

## Extension Activities & Resources

Accompanying activities and resources to bring the learning to life

## Clever & ClassLink Integration

Single sign-on (SSO) available to streamline student registration

### Topics Including:

Financial Education

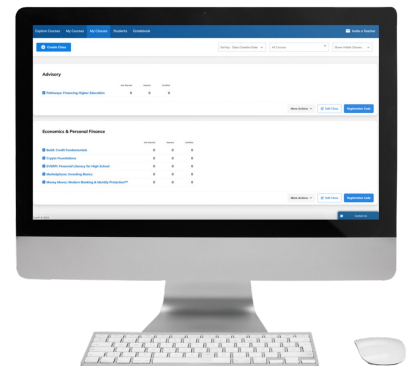

Character Education

History

STEM & Career Readiness

Health & Wellness

Early Academic Readiness

# Research-Based Learning

## Developed with Experts

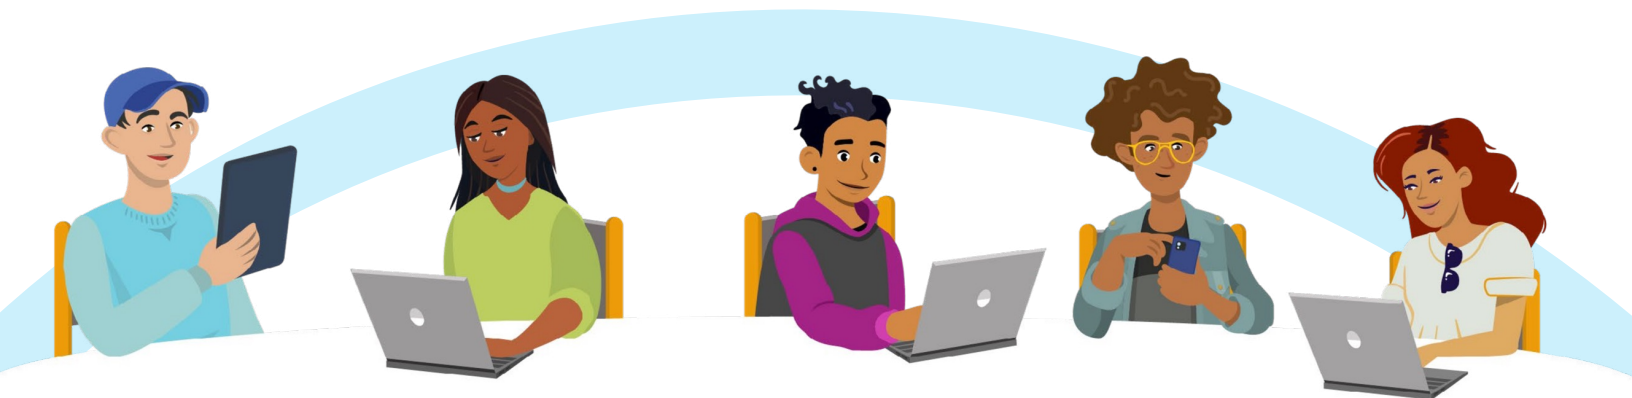

EVERFI works with external and in-house subject-matter experts to build learning experiences that deliver quality content to address the missing learning layer.

## Driven by Data

EVERFI uses pre- and post-learning assessments and optional surveys to drive insights into how our content influences learner knowledge, attitudes, and intended behaviors.<sup>1</sup>

EVERFI's robust K-12 library of digital courses readily fulfill the rigorous criteria set forth by ESSA (Every Student Succeeds Act) federal requirements for Tier 4 evidence of efficacy. EVERFI recently earned the Research-Based Learning Product Design Certification from Digital Promise.

1. EVERFI takes student privacy seriously and is committed to creating a safe and secure environment for learners of all ages. We are COPPA compliant and will not issue students under 13 with any surveys. Our privacy policy: [everfi.com/privacy-policy](https://everfi.com/privacy-policy)

# Partners in Education

## Dedicated Support

EVERFI has 100+ team members that support the educators, counselors, as well as school and district administrators in our network as they use our digital resources with millions of students every year.

“ Top notch from top to bottom. The service, outreach, resources, and knowledge that the EVERFI team members & our representatives have provided are second to none.

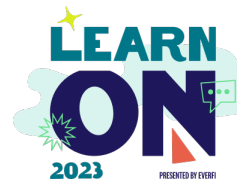

– Charlie Freeman, CTE Director  
Rutherford County Schools, NC

## Professional Learning

EVERFI provides trainings as well as webinars featuring subject matter experts on a variety of professional development topics. Educators earn continuing education certificates for attendance.

## Community

Our annual LearnOn conference, Teacher Ambassador community, and Accelerate community for K-12 administrators provide opportunities for connection, professional development, and inspiration.

**EVERFI partners with organizations nationwide to empower educators to bring critical skills education to the classroom**

# Financial Education

## Prepare Students for their Financial Futures

According to Forbes, 87% of teens say they don't really understand their personal finances. The need for financial literacy is undeniable. More than a third of states now require financial education; many more have bills pending.

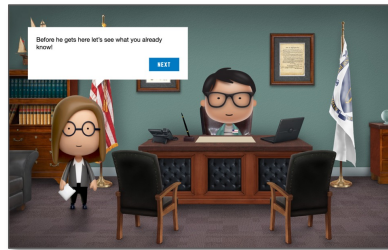

Financial education is more than dollars and cents. It's about establishing better spending habits, instilling confidence, and equipping the next generation with the real-world skills to manage financial goals and milestones.

- Available in Spanish
- Available in French

- **Topics Covered:** STEM career opportunities, engineering design process, analyzing data, 3D printing process, and password security
- **Curriculum Fit:** Finance, Economics, CTE, Social Studies, and Business

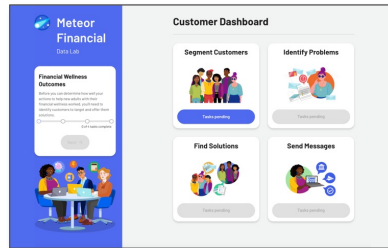

I have big dreams for my future. I always have, and that ambition will never waver. With this ambition and optimism, I've set both long-term and short-term goals for myself that I fully intend to accomplish. Without EVERFI, I wouldn't have learned to set these goals, so I'm very grateful. With *Keys to Your Future*, I learned essential information I didn't know I needed, such as accessing networking events, and improving my time management. I also learned how to present myself in the workplace, which was a broad enough concept to apply to most work situations I would consider myself going into.

– High School Student, Texas

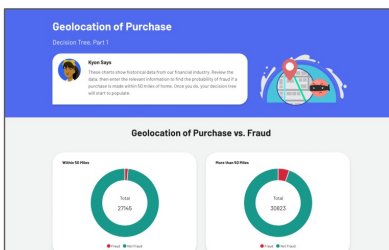

### Data Science Foundations

- **Grade Level:** 9-12
- **Length:** 4 lessons, 30 mins each
- **Topics Covered:** data-driven decisions, data lifecycle, data collection, data categorization, data visualization, data analysis, and the emerging field of data science
- **Curriculum Fit:** Economics, Math, Statistics, and College & Career Prep

### Data Science Exploration: Financial Wellness

- **Grade Level:** 9-12
- **Length:** 2 lessons, 15 mins each
- **Topics Covered:** machine learning, automation, data mining for trends, and financial wellness for newly financially independent adults
- **Curriculum Fit:** Economics, Math, Statistics, and College & Career Prep

### Data Science Exploration: Banking Fraud

- **Grade Level:** 9-12
- **Length:** 2 lessons, 15 mins each
- **Topics Covered:** how data can be used to combat fraud, ethical behavior in data science, and data science positions within the banking industry
- **Curriculum Fit:** Economics, Math, Statistics, and College & Career Prep

### Keys To Your Future: College & Career Readiness

- **Grade Level:** 9-12
- **Length:** 6 lessons, 15 mins each
- **Topics Covered:** exploring career pathways, paying for college, college admissions process, and academic prep for higher education
- **Curriculum Fit:** Advisory, Homeroom, Social Studies, Counseling, and CTE

# Character Education

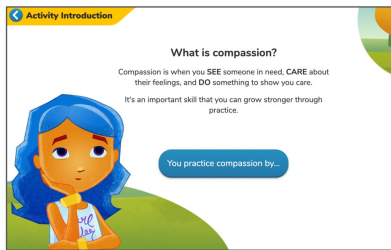

## Cultivate Emotional Intelligence

In recent years, rates of student loneliness have been on the rise, which is associated with poor academic outcomes. Nurturing a positive and supportive learning environment can be a crucial tool in addressing student isolation.

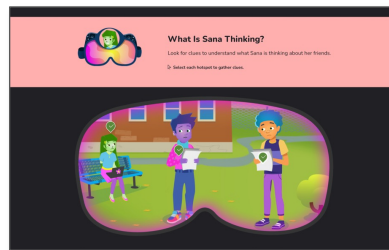

Help your students understand and manage their emotions in positive ways to relieve stress, communicate effectively, empathize with others, overcome challenges, defuse conflict, and recognize their leadership potential.

- Available in Spanish
- Available in French

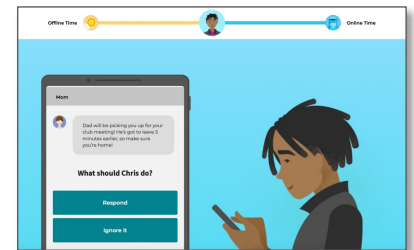

**The Compassion Project:**

- **Length:** 4 lessons, 10 mins each
- **Topics Covered:** brief history of tobacco and nicotine use, health risks associated with using e-cigarettes, and dangers of nicotine addiction
- **Curriculum Fit:** Health, Advisory, Homeroom, Life Skills, and FACs

**Prescription Drug Safety:**  
Know the truth

- **Grade Level:** 8-12
- **Length:** 8 lessons, 10 mins each
- **Topics Covered:** the science of addiction, proper use and disposal of prescription drugs, and the dangers of fentanyl and counterfeit drugs
- **Curriculum Fit:** Health, Advisory, Homeroom, Life Skills, and FCS

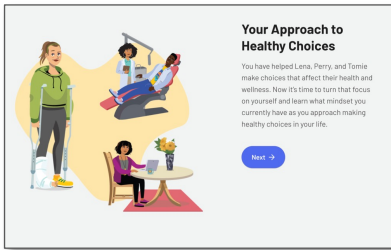

**AlcoholEDU:**  
High School

- **Grade Level:** 9-12
- **Length:** 5 lessons, 25 mins each
- **Topics Covered:** social myths about drinking culture, the impact of alcohol on our brains and bodies, and ways to resist peer pressure
- **Curriculum Fit:** Advisory, Homeroom, and Health

“

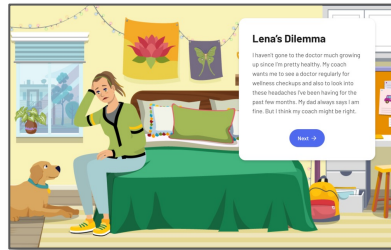

As the needs of my students have evolved over the years, I realized I needed a curriculum that was meaningful, engaging and appropriate for my high schoolers. EVERFI's digital lessons meet these needs and support me in delivering quality mental health content chock-full of useful strategies while addressing and breaking down stigmas of mental health. These lesson help me facilitate open and honest conversations about mental and assist me in meeting my students where they are at.

– Health Teacher at Litchfield Public Schools, Minnesota

**Healthcare Literacy:**  
Making Healthy Choices

- **Grade Level:** 9-12
- **Length:** 1 lesson, 15 mins
- **Topics Covered:** preventive vs. responsive care, personal healthcare, and the importance of seeing healthy choices as an investment
- **Curriculum Fit:** Health, PE, FACS, Economics, CTE, and Advisory

**Healthcare Literacy:**  
Navigating Medical Care

- **Grade Level:** 9-12
- **Length:** 3 lessons, 15 mins each
- **Topics Covered:** importance of health insurance, benefits of HSAs and FSAs, how to avoid medical debt, and strategies to bring down medical costs
- **Curriculum Fit:** Health, PE, FACS, Economics, CTE, and Advisory

# History

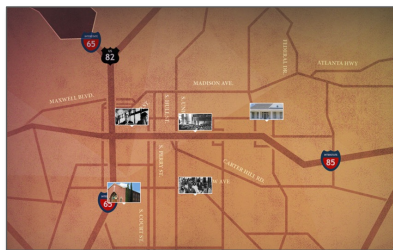

## Inspire Tomorrow's Leaders

When you explore history, you find stories of strength, resilience, and achievement. As students examine the connection between past events, they walk away with a deeper, more profound understanding of the present.

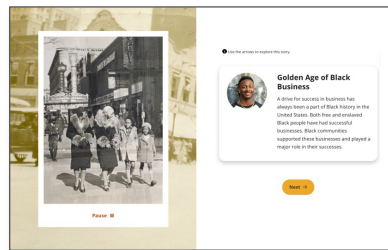

From stories the Harlem Renaissance and transatlantic slave trade to the impact of antisemitic attacks on American society and how to be a strong ally, EVERFI's history curriculum brings the past to life while promoting critical thinking skills.

- Available in Spanish
- Available in French

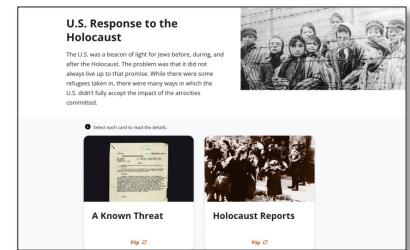

**306:**  
Black History

- **Grade Level:** 8-12
- **Length:** 14 lessons, 15 mins each
- **Topics Covered:** the Underground Railroad, W.E.B. Du Bois, Harlem Renaissance, Montgomery Bus Boycott, and the Freedom Rides
- **Curriculum Fit:** Advisory, History, ELA, and Social Studies

**306:**  
Black History – Continuing the Story

- **Grade Level:** 8-12
- **Length:** 4 lessons, 15 mins each
- **Topics Covered:** Black history before slavery, Juneteenth, golden age of Black business, O.W. Gurley, and Black medical trailblazers
- **Curriculum Fit:** Advisory, History, ELA, and Social Studies

**BINAH:** Building Insights to Navigate Antisemitism & Hate

- **Grade Level:** 9-12
- **Length:** 4 lessons, 15 mins each
- **Topics Covered:** Jewish emigration, antisemitism, the Pyramid of Hate, understanding stereotypes, and how to be an ally in your community
- **Curriculum Fit:** Advisory, History, ELA, and Social Studies

I felt 306 was a great resource and incredibly helpful because it was so accessible and engaging. By breaking complex ideas into smaller, concrete concepts with accompanying visuals and audio, my special education students were able to access and engage with higher-level ideas that have eluded them in the past. My students specifically asked to do more of these lessons, and one even said that he wanted to share what he had learned with his parents.

– High School Teacher, Utah

# Early Academic Readiness

## Develop Math & Literacy Skills

Early academic readiness lays the critical foundation for a student's future both in the classroom and beyond. This groundwork can lead to greater confidence and motivation for the rest of their academic career.

Through EVERFI's early academic readiness programs, students engage with content that reinforces critical math and language skills while enjoying the freedom and motivation of an interactive, game-based learning experience.

- Available in Spanish
- Available in French

### WORD Force:

A Literacy Adventure

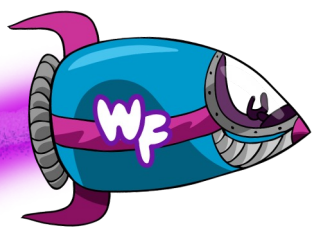

- **Grade Level:** K-2
- **Length:** 15 games, 10 mins each
- **Topics Covered:** phonological awareness, letter-sound / letter name matching, word building, spelling, vocabulary, reading fluency, and reading comprehension
- **Curriculum Fit:** Reading and ELA

### Summer Slugger:

Math & Literacy Foundations

- **Grade Level:** 4-5
- **Length:** 36 lessons, 5 mins each
- **Topics Covered:** spelling, vocabulary, verb tense, roots & affixes, synonyms & antonyms, units of measurement, place value, factors & multiples, equivalent values, and geometry
- **Curriculum Fit:** Math and ELA

I used *WORD Force* this year to help my students with reinforcing phonics. They enjoyed and bragged every time they got to open a new area. Even my high-level students not only enjoyed it but got a better understanding with larger words. I will be using *WORD FORCE* next year as I love the games and how it gives them the practice they so desperately need.
