

FOR ELEMENTARY SCHOOL

Interactive Digital Courses & Offline Resources

Schools continue to recognize the benefits of starting career-ready learning in earlier grades. By providing opportunities to analyze and explore real-world topics—like understanding money and practicing compassion—students can begin to build foundational skills for success in school and beyond

At EVERFI, we're passionate about whole-child learning and preparing students with real-world skills. For the past 15 years, we've built high-quality learning resources on topics like financial education, STEM, character education, career exploration, and health & wellness. Our *free* digital courses and accompanying resources help a network of 750,000+ educators champion real-world skills and empower the next gen to thrive in an ever-changing world.
