

FOR HIGH SCHOOL

Interactive Digital Courses & Offline Resources

According to a recent study, 75% of high school graduates say they were moderately, slightly, or not at all prepared to make college or career decisions after graduation.¹ It is more important than ever to equip students with the critical skills they need for success – now and in the future.

At EVERFI, we're passionate about whole-child learning and preparing students with real-world skills. For the past 15 years, we've built high-quality learning resources on topics like financial education, STEM, character education, career exploration, and health & wellness. Our *free* digital courses and accompanying resources help a network of 750,000+ educators champion real-world skills and empower the next gen to thrive in an ever-changing world.
