

TOPIC RADAR

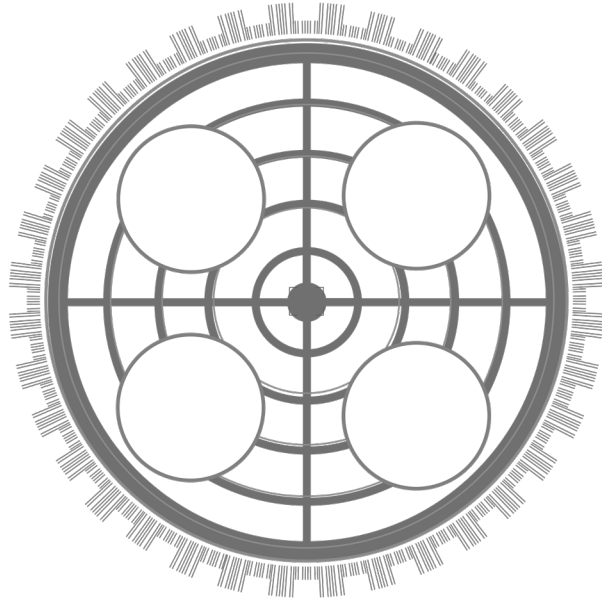

Using our Topic Radar means thinking about others' interests. Talking about things you have in common with someone or things you know that the other person likes will make them feel excited about talking with you.

Name : _____
Date : _____

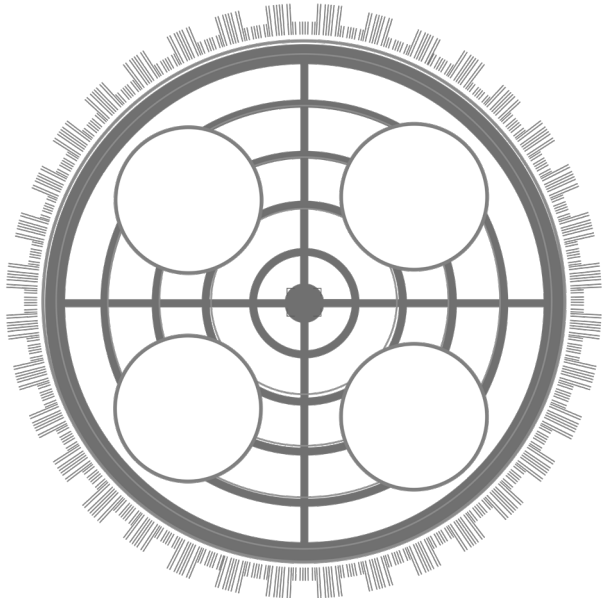

A circular diagram with a central dot, a horizontal and vertical line, and concentric circles. Four larger circles are arranged in a square pattern within the diagram, and a decorative outer ring with a scalloped edge surrounds the entire structure.
