

Conversation Stoplight

Watch and listen for clues to know when it's your turn to talk. Cue learners to figure out if they have a red light, yellow light, or green light to talk.

Red Light

When the other person is talking, we listen and wait for our turn to talk.

Yellow Light

While others are talking, we listen for clues and watch their face to see when they are going to stop talking.

Green Light

When no one else is talking, we can take our turn to talk.
