CableBox Mini™

OUT OF SIGHT, OUT OF MIND

CABLEBOX MINI INTERNATIONAL

UNDER THE DESK, NEXT TO THE COMPUTER, OR NEAR YOUR APPLIANCES, CABLE MANAGEMENT HAS NEVER BEEN MORE SIMPLER.

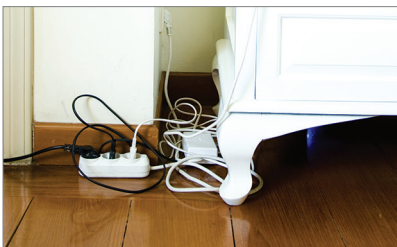

Accessory cables will always be tidy and dust free. Simply place your AC adapters inside CableBox Mini then stow away the surplus cable lengths and close the lid and done! With cable outlets either side, CableBox Mini is ideal for hiding the cords, adapters and small hubs and even small power strips.

CableBox Mini is a smaller version of the ever popular CableBox. CableBox Mini is great for small power strips and cable clusters on the floor. Rubber feet prevent CableBox Mini from slipping and bright colors add a pop of color to your desktop. It can be used for routers or hubs around computer equipment or simply as a place for quick clean access to a power source.

COLORS

CableBox is available in Blue, Green, Orange, Pink, Yellow, Black and White. Made of flame retardant plastic.
