

# ASSEMBLING INSTRUCTIONS

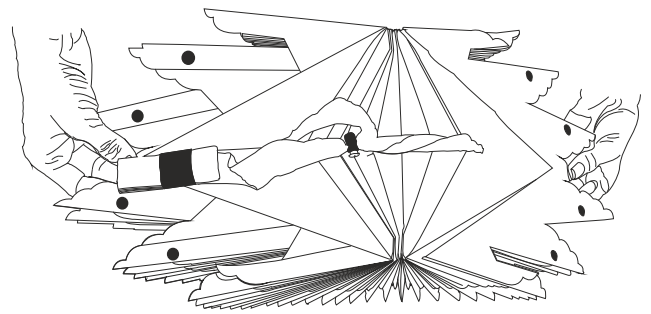

1. Loosen the ribbon

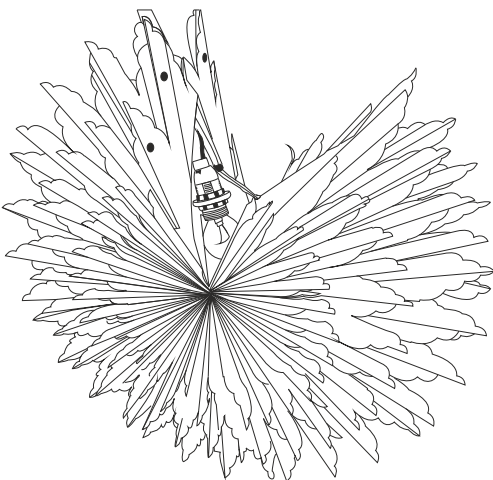

2. Carefully spread the arms of the star apart

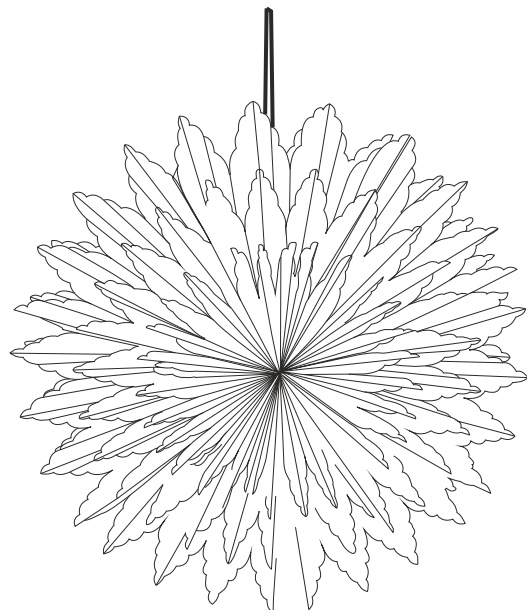

3. Carefully tighten the ribbon.  
Leave a gap to insert the  
light source.

4. Pull the ribbon through the hole in  
the arm, so that it doesn't block the  
magnets from closing the star.

5. Place the light source next to  
the ribbon. Carefully tighten the  
ribbon and close the magnets.

6. Your star is now ready to be used!
