

LED Mesh Lite® 96 36V

Predecessor: 028-012

029-012

LEDML-96-36VTR-WW

Description

Product description

Our Mesh Lite® is a low voltage product. The light mesh is available in two sizes - 2m x 1m, and 2m x 4m. According to the model chosen, either 96 or 200 patented points of LED light shine out. By means of the patented Quick-Fix® system, several segments may be connected together without problems. The power supply for all the 36V products to be connected is provided by a central transformer. The number of light meshes that can be connected up is governed by the rating of the chosen transformer.

Decoration solutions

Due to the "honeycomb" pattern of Mesh Lites®, the points of light appear symmetrical. This creates a calm, regular and elegant effect. Mesh Lite®, the professional choice for light nets, offers a range of decoration solutions: the light net can easily be wrapped around columns, shrubs and bushes, and, when mounted above corridors and paths, creates a starry sky effect. The LEDs are available in the colors brilliant white and warm white.

Dimensions

 LED warm white (96 LED)

 transparent

Size (L-W-H): 200 x 100 x 0 cm

Number of segments: 1

Lamps per segment: 96

Length per segment: 2.00 m

Watt/segment: 3.6 W

Watt: 3.6 W, 3.6 VA

Max. Wattage: 28 W

Operating voltage: 36 V DC

Operating mode: Power supply

Connectable: yes

Number of connectable: 13

QuickFix® connection system

Packaging - Product

Type of Packaging: Sales Box

EAN-Code: 9120079031338

Size (L-W-H): 20 x 16 x 8 cm
