Description

Product description

Rope Light 30 consists of points of LED light of various colors arranged together and moulded into a flexible PVC tube rope. This rope light is available in a length of 45m. Each 1m-segment shines with 30 patented LEDs. Thanks to the patented QuickFix™ system, several rope lights can be easily joined together. The LEDs are available in various colours.

Decoration solutions

Rope lights are perfectly suited for the decoration of facades, roofs and contours, as well as for indirect illumination. Due to the shortness of their segments of 1 meter length they offer high flexibility, particularly for the creation of motifs.
