AC: 230V - 50Hz - 47 Watt

IP44

The complex block contains technical specifications and safety symbols. At the top, it specifies 'AC: 230V - 50Hz - 47 Watt'. Below this are three symbols: a grounding symbol (a circle with a vertical line and three horizontal lines), the CE mark (two 'C' shapes), and a disposal symbol (a crossed-out wheeled bin). To the right of these symbols is the IP44 rating.
