Brighten your home with infinite possibilities.

For a festive atmosphere

Philips Led energy-saving colored bulbs provide instant brightness and make colors appear more vivid. Ideal for special activities and occasions.

Choose for high quality light

- Learn about light

Choose a simple replacement for your old bulbs

- Instant light when switched on
- No UV or InfraRed

Choose for a sustainable solution

- Better for your wallet and your planet
- Long life bulbs - lasts up to 10 years

PHILIPS

Highlights

Learn about light

Color temperature: light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energizing light. CRI: the color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED light bulbs is always higher than 80, which ensures colors are shown as true and natural.

Instant On

No need to wait: Philips LED light bulbs provide their full level of brightness immediately they are switched on. Just by turning the switch, your room is at full brightness. There is no slow starting or waiting.

Long life bulbs

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs, and enjoy a perfect lighting solution for over 15 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps protect the environment.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Specifications

Bulb characteristics

- Shape: Luster
- Cap/fitting: E27
- Dimmable: No
- Voltage: 220 - 240 V
- Wattage: 3.1 W

Power consumption

- Energy efficiency label: C
- Power consumption per 1000h: 4 kW h

Light characteristics

- Color: Red
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light
- Application: Decorative light

Durability

- Lifetime of lamp: 10000 hour(s)
- Number of switch cycles: 20000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 10 year(s)

Bulb dimensions

- Height: 78 mm
- Width: 45 mm

Other characteristics

- Mercury content: 0 mg
- Power factor: >0.5
- Lamp current: 30 mA

Rated values

- Rated power: 3.1 W
- Rated lifetime: 10000 hour(s)
