

Dim Driver Ultra 70

- Rated supply voltage:**
220-240V
- Frequency:**
50/60Hz
- Input current:**
0.29A
- Secondary voltage:**
11.5V
- Lamp wattage:**
0 - 70W halogen lamp
0 - 50W LED lamp* (max. 6 lamps)
- Efficiency:**
>95%
- Power factor:**
>0.99
- Input capacitance:**
100nF
- Operating temperature:**
50°C
- Max. casing temperature tc:**
80°C
- Dimming**:**
Leading and trailing edge dimmers
- Primary terminal:**
2-pole, screw terminal Dia.5.2mm
- Secondary terminal:**
2-pole, screw terminal Dia.3.2mm
- Dimensions:**
113x44x28mm
- Weight:**
110g

* Before use, always check the compatibility with the LED lamps of the application.
** For LED lamps, proper matching between dimmer, lamp and driver is required.
