

Table lamp

MELO – R55326901

incl. 1x SMD LED, ,5W · 1x 30lm, 3000K

- **Switch**
- **Remote control**
- **Dusk sensor**
- **RGBW Colorchanging**
- **Memory function**
- **Rechargeable battery operated**
- **Solar**

Solar lights use only the power of the sun to produce light. At the same time, they are extremely environmentally friendly, economical and equally practical, as they require neither sockets nor a connection to the mains. In combination with modern LED technology, solar lights provide ideal light for home and garden. Simply place the solar light where illumination is needed. The MELO round solar light provides an atmospheric ambience and inviting light accents around the house thanks to the integrated RGBW colour changer. Control it using a switch on the light and the included remote control. Due to its IP65 protection class, the luminaire is dustproof and protected against water jets. The lighting time of the solar light is 6 hours and the charging time is about 8 hours. The neutral design in white, allows an easy integration into your garden and sets additional modern accents.

Material construction

Plastic · White

Product dimensions

Height: 28cm
Diameter: 30cm
Weight: 0,84kg

Technical data

Light source: SMD – LED (integrated)
Watt: ,5W
Lumen: 1x 30lm
Kelvin: 3000K
Color rendering (CRI): > 80 CRI
Lifetime: 20000H
Switching cycles: 10000x ON/OFF
