

Floor lamp

MARLEY – 412400107

excl. 1x GU10 · max. 5W

- **Switch**
- **IP20**
- **Lamp(s) not included**

The minimalist furnishing trend is becoming more and more popular and provides for a calming and harmonious environment. The clear lines and minimalist design of the MARLEY standard luminaire focus the light and provide mood-setting lighting accents. The head of the luminaire is movable and can be aligned freely upwards and downwards. Whether used as a reading light next to the sofa or as a discreet light source in the hallway, the standard luminaire shows off special places to best advantage. The discreet colour design in matt nickel underlines a simple furnishing trend and can be combined in many ways. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
