Table lamp

MARLEY – 512400108

excl. 1x GU10 · max. 5W

- **Switch**
- **IP20**
- **Lamp(s) not included**

The minimalist furnishing trend is becoming more and more popular and provides for a calming and harmonious environment. The clear lines and minimalist design of the MARLEY table lamp focus the light and provide mood-setting lighting accents. The head of the luminaire is movable and can be aligned freely upwards and downwards. Whether used as a reading light on a desk or as an accent light on a chest of drawers, this table luminaire puts special places in the best possible light. By combining the colours matt black and matt brass, a modern luminaire is created that establishes colour contrasts. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.

Material construction

Metal · Brass mat
