excl. 1x GU10 · max. 5W

- **Switch**
- **IP20**
- **Lamp(s) not included**

The minimalist furnishing trend is not only becoming increasingly popular, it also creates a calming and harmonious environment that appears almost uncluttered. Thanks to the clear lines and minimalist design of the MARLEY table luminaire, the light comes into focus. In a minimalist style, the modern luminaire thus provides cosy and atmospheric lighting accents. Whether used as a reading light on a desk or as an accent light on a chest of drawers, this table luminaire puts special places in the best possible light. The discreet colour design in matt white underlines a simple furnishing trend and can be combined in many ways. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
