Natural materials are absolutely trendy! They provide soft and cosy lighting in your home. With its ceramic and fabric materials, the BAY table lamp gives your living room a natural and inviting ambience. Whether you use it as a bedside table lamp in the bedroom, on a chest of drawers or on the side table in the living room, the table lamp creates the right lighting mood and adds decorative accents at the same time. In addition, the modern lamp is fitted with a cord switch, making it easy to turn it on and off. Thanks to its simple colour scheme in grey, the table lamp harmonises with existing furnishing concepts and can be combined with other colours. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
