

# Product Information Sheet

COMMISSION DELEGATED REGULATION (EU) 2019/2015 with regard to energy labelling of light sources

**Supplier's name or trade mark:** mylight.me

**Supplier's address:** Compliance Department, Moegelgaardsvej 19, 8520 Lystrup, DK

**Model identifier:** 0144040102

## Type of light source:

|                                                     |              |                                 |                            |
|-----------------------------------------------------|--------------|---------------------------------|----------------------------|
| Lighting technology used:                           | LED          | Non-directional or directional: | NDLS                       |
| Light source cap-type (or other electric interface) | DC Connector |                                 |                            |
| Mains or non-mains:                                 | NMLS         | Connected light source (CLS):   | No                         |
| Colour-tuneable light source:                       | No           | Envelope:                       | -                          |
| High luminance light source:                        | No           |                                 |                            |
| Anti-glare shield:                                  | No           | Dimmable:                       | Only with specific dimmers |

## Product parameters

| Parameter | Value | Parameter | Value |
|-----------|-------|-----------|-------|
|-----------|-------|-----------|-------|

### General product parameters:

|                                                                                                                                                       |        |                      |                                                                                                                                                            |                        |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|--------|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| Energy consumption in on-mode (kWh/1000 h), rounded up to the nearest integer                                                                         |        | 4                    | Energy efficiency class                                                                                                                                    | G                      |
| Useful luminous flux ( $\phi_{\text{use}}$ ), indicating if it refers to the flux in a sphere (360°), in a wide cone (120°) or in a narrow cone (90°) |        | 351 in Sphere (360°) | Correlated colour temperature, rounded to the nearest 100 K, or the range of correlated colour temperatures, rounded to the nearest 100 K, that can be set | 2 777                  |
| On-mode power ( $P_{\text{on}}$ ), expressed in W                                                                                                     |        | 3,8                  | Standby power ( $P_{\text{sb}}$ ), expressed in W and rounded to the second decimal                                                                        | 0,00                   |
| Networked standby power ( $P_{\text{net}}$ ) for CLS, expressed in W and rounded to the second decimal                                                |        | -                    | Colour rendering index, rounded to the nearest integer, or the range of CRI-values that can be set                                                         | 85                     |
| Outer dimensions without separate control gear, light-                                                                                                | Height | 2                    | Spectral power distribution in the range 250 nm to 800 nm, at full-load                                                                                    | See image in last page |
|                                                                                                                                                       | Width  | 8                    |                                                                                                                                                            |                        |
|                                                                                                                                                       | Depth  | 1 500                |                                                                                                                                                            |                        |

|                                                                       |      |                                    |                |  |
|-----------------------------------------------------------------------|------|------------------------------------|----------------|--|
| ing control parts and non-lighting control parts, if any (millimetre) |      |                                    |                |  |
| Claim of equivalent power <sup>(a)</sup>                              | -    | If yes, equivalent power (W)       | -              |  |
|                                                                       |      | Chromaticity coordinates (x and y) | 0,440<br>0,408 |  |
| <b>Parameters for LED and OLED light sources:</b>                     |      |                                    |                |  |
| R9 colour rendering index value                                       | 21   | Survival factor                    | 0,50           |  |
| the lumen maintenance factor                                          | 0,70 |                                    |                |  |
