A diagram of a wooden frame structure. It consists of a horizontal beam at the top and two vertical posts supporting it. The beam is labeled with the text "82 / 98" and the posts are labeled with the text "0". The structure is shown in a perspective view, with the beam and posts having a wood grain texture. A horizontal line is drawn across the top of the posts, and a vertical line is drawn through the center of the beam.

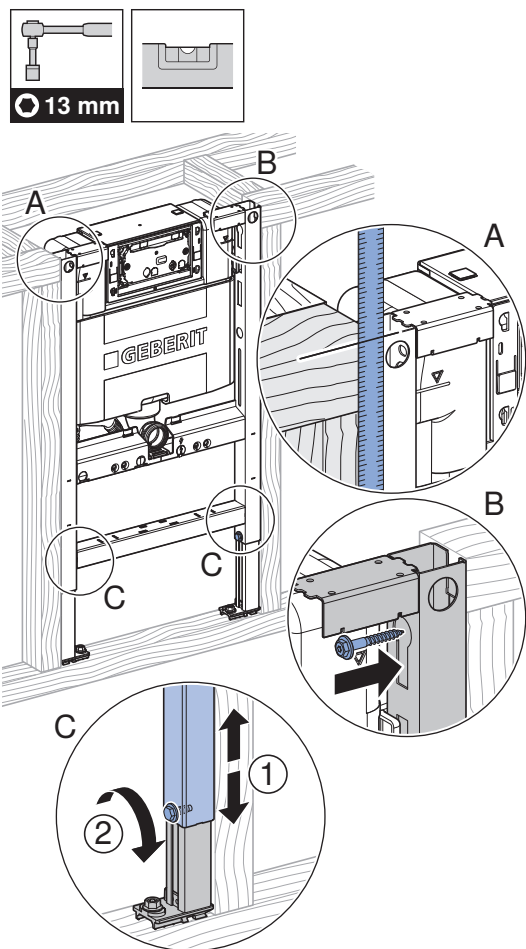

Diagram illustrating the correct installation of the flush valve (A) and the incorrect installation (B).

Correct Installation (A): The flush valve is mounted on a wooden subframe. The distance between the valve body and the wood is 5 mm.

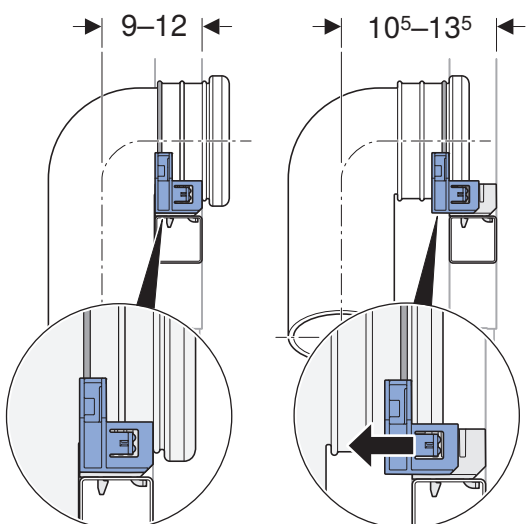

Correct Installation (B): The flush valve is mounted on a wooden subframe. The distance between the valve body and the wood is 13 mm.

Incorrect Installation (C): The flush valve is mounted directly on the wooden subframe without a gap, which is marked with a red X.
