

Shelly Flood Gen4

WiFi & Zigbee leak sensor

EAN: 3800238071714
 Extension cable: 3800238072131

Product description

The Shelly Flood Gen4 detects even the smallest leaks before they turn into costly damage. Receive instant notifications directly on your phone and enjoy seamless integration with your smart home system. Ideal for basements, kitchens, utility rooms, garages, and holiday homes.

Unlike traditional sensors with metal pins, Shelly Flood Gen4 uses a 2-meter sensing cable, where the entire length functions as a detector. The cable can be extended up to 150 meters, making it possible to monitor large areas such as entire basements or all kitchen cabinets.

Technical data

Physical	
Size (HxWxD):	97x76x25 mm / 3.82x2.99x0.98 inch
Weight:	•91 g / 3.21 oz (without batteries) •185 g / 6.53 oz (with batteries)
Mounting:	Wall
Shell material:	Plastic
Shell color:	White
Environmental	
Ambient working temperature:	-20°C to 40°C / -5°F to 105°F
Humidity:	30% to 70% RH
Max. altitude:	2000 m / 6562 ft
Electrical	
Power supply:	Batteries
Battery type:	4x AA 1.5 V
Estimated battery life:	approx. 2 years (depending on batteries used, device usage, and network connection strength)
Sensors, meters	
Leak sensor cable:	2 m, extendable (up to 150 m), attaches via designated port
