

HiluX DS8 tilt 360 spot

Powered By Shelly

EAN code, white: 5714255011227
EAN code, black: 5714255011234

Product description

Powered By Shelly – HiluX DS18 is a Danish-designed, high-quality recessed downlight available in white and black. It features an integrated Shelly chip with combined WiFi and Bluetooth technology, enabling intelligent lighting control via the Shelly Smart Control app. With its low installation depth and included junction box, the DS18 is easy to install and offers premium lighting with built-in smart functionality.

Through 2.4 GHz WiFi, the HiluX DS18 connects to Shelly Smart Control, allowing you to create automations, adjust brightness and color temperature, and configure groups, schedules, and sunrise/sunset automation. The downlight can also integrate directly with more than 200 smart home ecosystems, including Google Home, Amazon Alexa, Home Assistant, Samsung SmartThings and Homey.

Bluetooth enables local control through Shelly BLU wall switches or remotes, which can be paired directly with the fixture for on/off and dimming without requiring an app or internet connection.

Specifications

- Luminous flux: 600 lm
- Power: 8 W
- High color rendering: Ra \geq 95
- Tunable white: 2200–6000 K
- 360° tilt
- Mounting depth: 39 mm
