

Technical data

Angle valve with rosette, compression end and socket DN15

BROEN no. 744426023

GTIN:	04018422263473
Connections:	1/2" x 3/8" x 3/4"
Media:	Water
Working Pressure:	Max. 10 bar
Temperature:	+90°C
Material inside:	Case and spindle hot-pressed brass according to DIN EN 12165 CW617N (CuZn40Pb2) Union nut hot-pressed brass according to DIN EN 12164-CW614N (CuZn39Pb3)
Material surface:	Polished, roughness-class N3 and chrom plated
DN:	DN15 1/2" x 3/8" x 3/4"
Article-marking:	Case according to ETR-108.738 *. Handle according to ET-100.607 *
Assembly:	According to BG -125.381 * / BG-112.632 *
Model:	8564 / DN15; 8564.29 / DN15
Packaging:	1 piece in a small karton, then 20 pieces in a outer carton

100 % leakage test according to test instruction angle valve 8564.29.

Angle valve with rosette, compression end and socket DN15 is approved for the following applications:

Water
