

ELECTRONIC HOOK SWITCH ADAPTOR FOR ALCATEL PHONES.

REMOTE CALL CONTROL AND VOICE RECORDING

The Jabra LINK 14201-20 enables remote Electronic Hook Switch Control (EHS) with Jabra wireless headsets and a wide range of Alcatel phones.

This means that users can hear ring tones, answer and end calls, adjust the volume or even mute the call up to 350 ft. away from their desks. The integration of handset and headset allows users to benefit from enhanced mobility and the ability to multitask while on a call. The wireless freedom improves work efficiency and ergonomics throughout the day. As a special feature Jabra LINK 14201-20 has a voice recorder socket which allows the user to record important conversations.

HOW IT WORKS

The Jabra LINK 14201-20 is a plug-and-play solution that converts from the EHS standard used in Alcatel phones to the DHSG or GN Netcom RHL standards used in all Jabra wireless office headsets – and vice versa.

HANDSET-HEADSET COMPATIBILITY

The Jabra LINK 14201-20 is compatible with a wide range of Alcatel phones. For more details see the technical specifications on page 2 or visit www.jabra.com/alcatel.

The Jabra LINK 14201-20 can be used with the following Jabra wireless office headsets:

JABRA GN9350e

JABRA GN9120 EHS

JABRA GN9120 DUO EHS

JABRA GN9330e

GN Netcom is a world leader in innovative headset solutions. GN Netcom develops, manufactures and markets its products under the Jabra brand name.
