e solutions

IMFLEX FURNACE *Saver*

Up to 27% gas savings
Improve your preheating
and convection effect

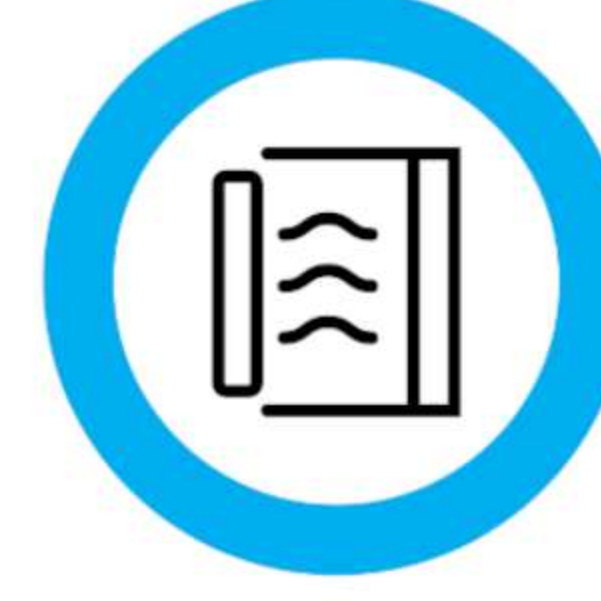

INDUCTION SOLUTION *e*

• Express heating system
• Compatible for austenitizing, preheating,
annealing, diffusion, stress relieving

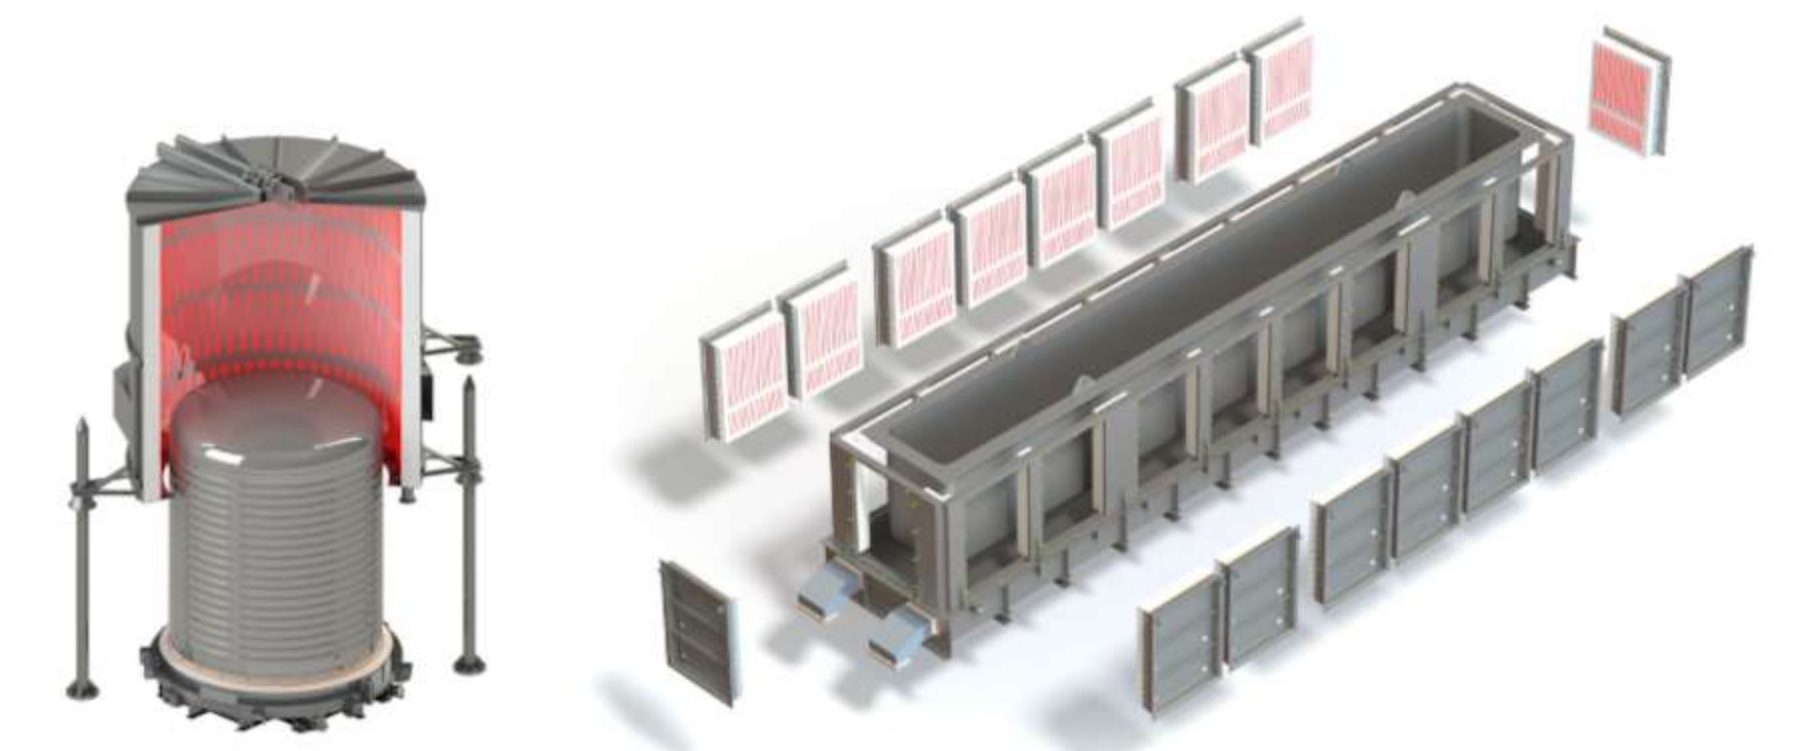

RINSING BATH *Saver*

Do you want to drastically reduce your
water consumption and acidic wastewater?
Opt for our new rinsing bath and save the
equivalent of 2.5 Olympic swimming pools
in just 1 year!

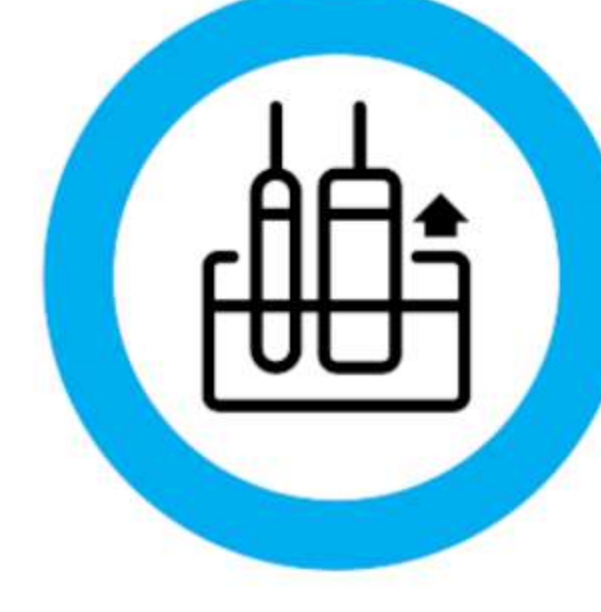

RADIANT HEATING MODULE *e*

Homogeneous heat distribution
with a high efficiency (~95%)

ACID FILTRATION *Saver*

Regenerate your HCl acid up to 60%
Get control of your iron concentration
without any additional chemical reactant

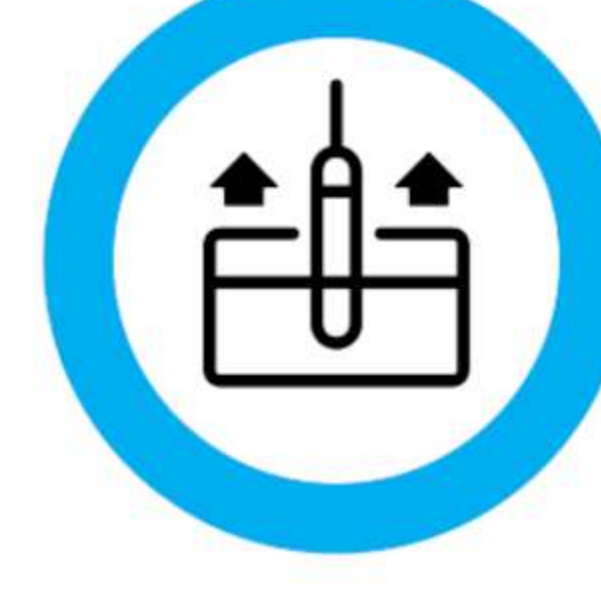

HYBRID HEATING SOLUTION *e*

Combine the advantages of gas
and electrical heating technologies to
make the best use of energy sources

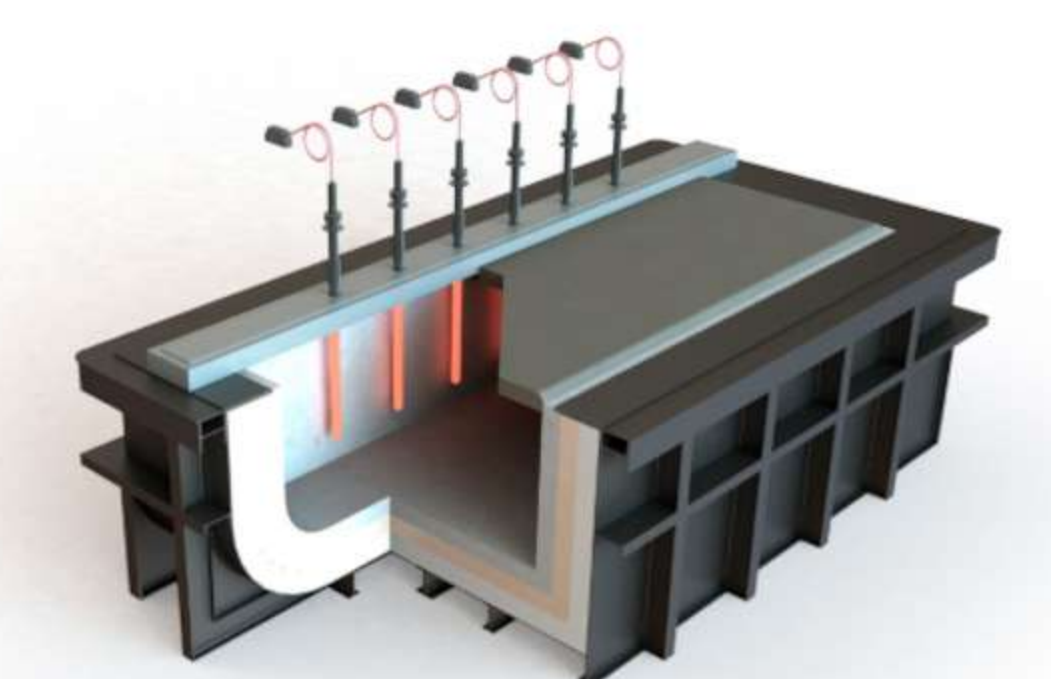

FLUX FILTRATION *Saver*

Reduce your sludge
and maintenance time

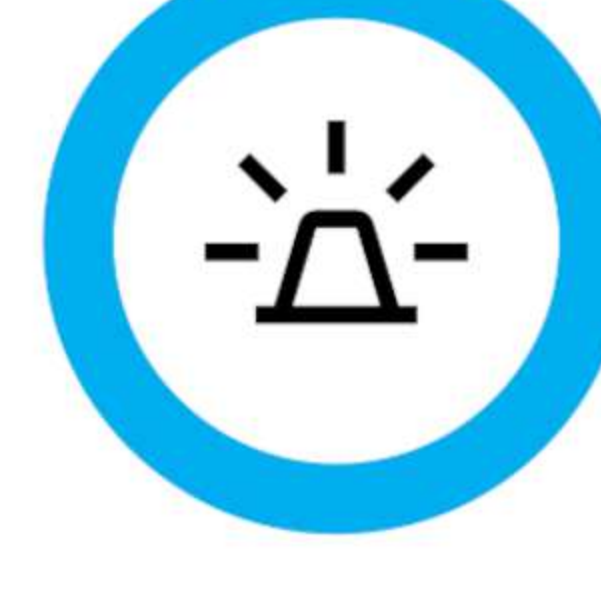

ELECTRICAL IMMERSION HEATER *e*

• High efficiency and compact solution
• Compatible with Zn and Zn/Al bath

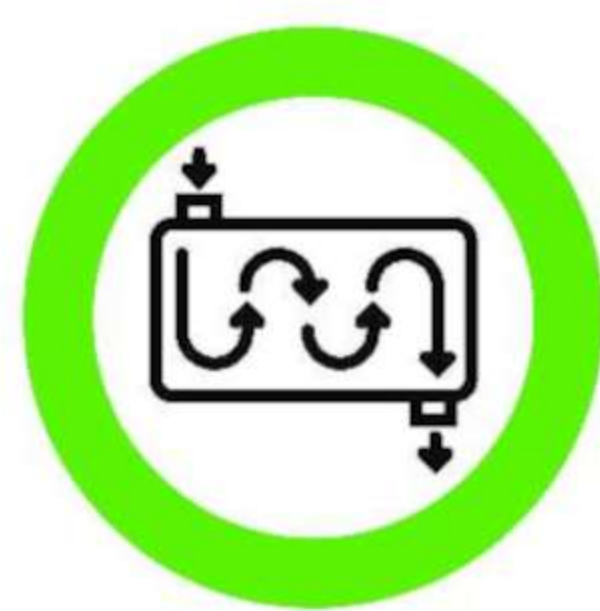

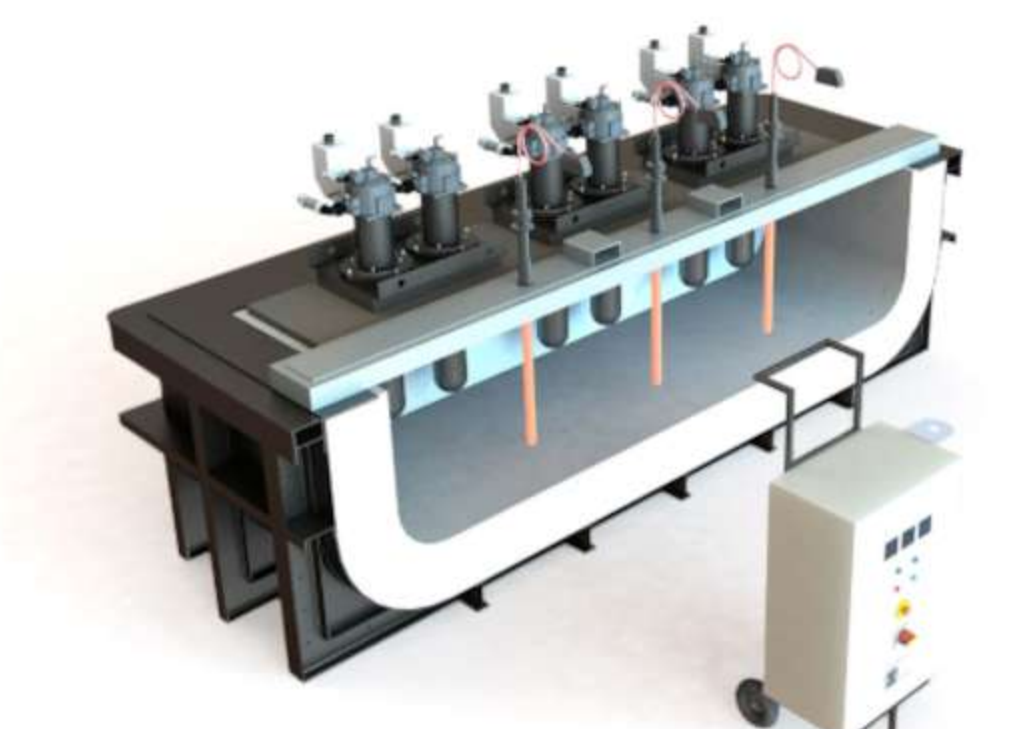

DRYER *Saver*

Boost your production
Lower your immobilized zinc volume
Upgrade your thermal efficiency

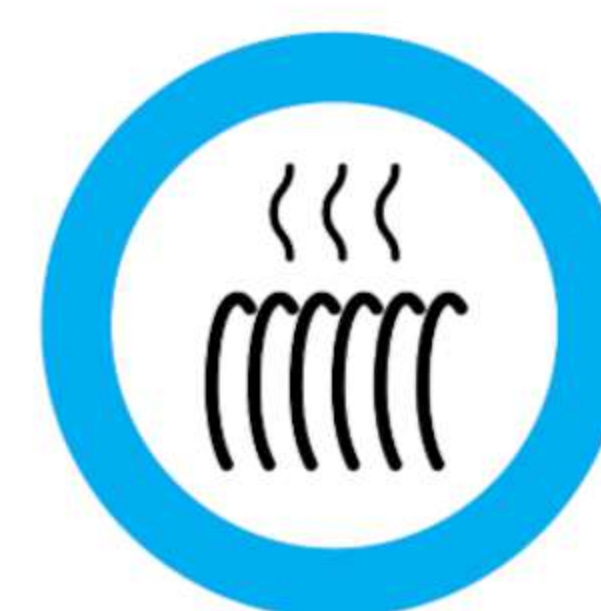

EMERGENCY BACKUP TOOLKIT *e*

Quick and smart solution
in case of gas power cut

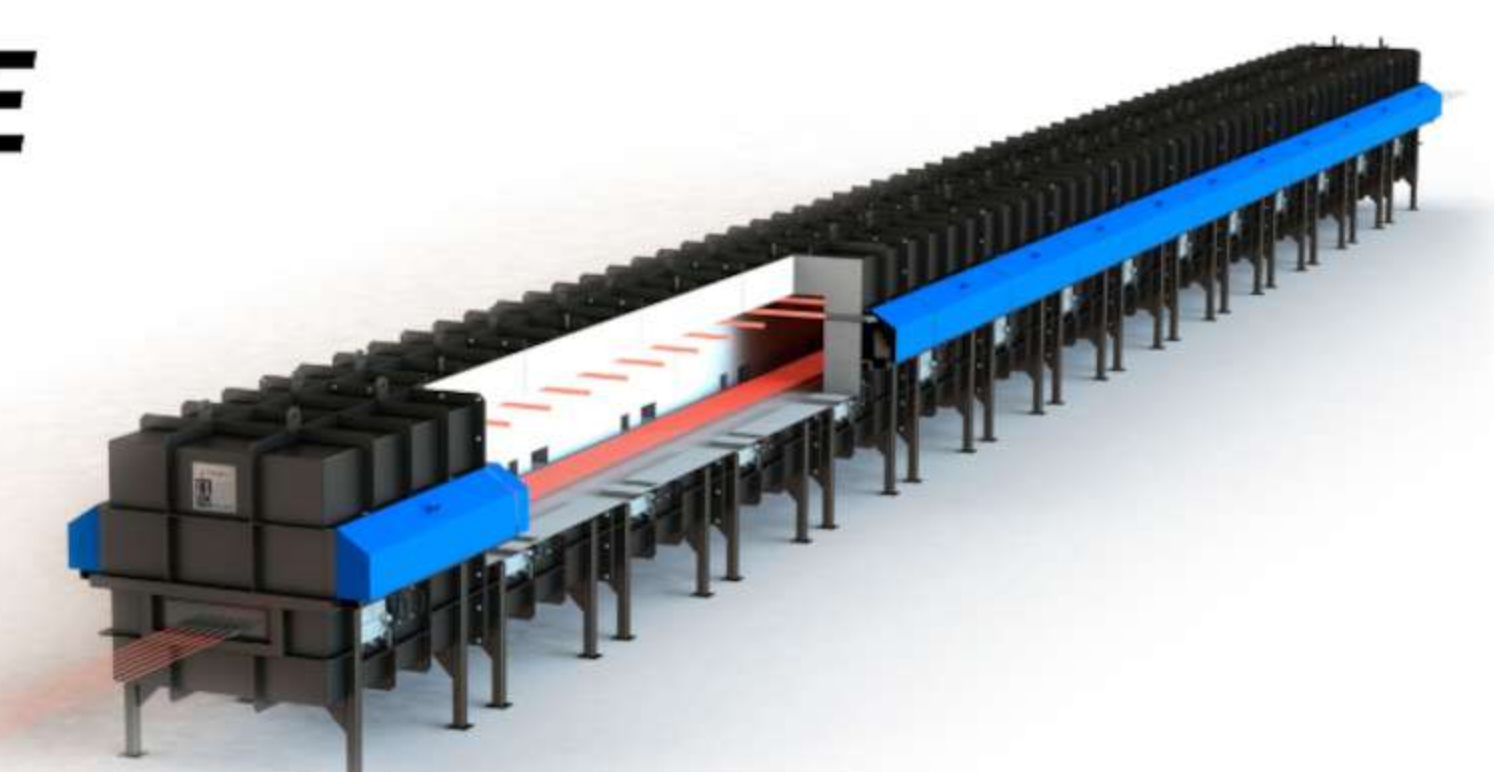

ENTHALPY RECUPERATOR *Saver*

Don't waste the available energy
Take profit of the chimney losses

SILICON CARBIDE (SiC) HEATING ELEMENT *e*

• For multiple furnace configurations
• Up to 1200°C

Ahead
Together!
