#### Capacitive switch

Ring illumination green

Surface backlighting red

Ring illumination blue

#### See below:

#### **Approvals and Compliances**

#### **Description**

- Capacitive touch sensor as momentary push button (NO or NC) or as latching switch (LA)
- Protection against unintended switching
- Multicolor illumination
- Floating switch connections
- Laser lettering possible
- Vandal resistant
- Wires (8 wires for Multicolor, 4 wires otherwise)2; 26AWG, 0.128 mm2

## **Unique Selling Proposition**

- Variable supply voltage
- Constant LED intensity
- Inputs protected against overvoltage
- Galvanic separated outputs

#### **Characteristics**

- Housing made from stainless steel
- Various illumination colors and color combinations possible
- Touch surface made from scratch-resistant ceramics with area illumination or made from stainless steel with ring illumination
- Ring or area illumination
- Wearless, no moving parts
- Attractive design with or without finger guide available

html datasheet, General Product Information, CAD-Drawings, Product News, Detailed request for product, Microsite

#### Important information

- The CPS is not suitable for use in sanitary or other applications exposed to water or other liquids.
- The housing is connected to gnd.

#### **Technical Data**

| Electrical Data                  |  |
|----------------------------------|--|
| Switching Function               | momentary (NO1) or latching                            |
| Switching Voltage                | max. 42 VAC / 60 VDC                                   |
| Switching Current                | max. 100 mA  |
| Electrical Rating                | 1 W  |
| Switch Resistance OFF            | > 10 MΩ  |
| Switch Resistance ON             | < 16Ω  |
| Supply Voltage                   | 5 - 28 VDC   |
| Current Consumption all LEDs off | 2.5 mA (switch is open)                                |
|                                  | 8.5 mA (switch is closed)                              |
| Current Consumption 1 LED        | 8.0 mA (switch is open)                                |
| on                               |  |
|                                  | 14.0 mA (switch is closed)                             |
| Current Consumption 2 LED        | 14.0 mA (switch is open)                               |
| on                               |  |
|                                  | 20.0 mA (switch is closed)                             |
| Current Consumption 3 LED on     | 19.0 mA (switch is open)                               |
|                                  | 25.0 mA (switch is closed)                             |
| Reverse Polarity Protection      | yes  |
| Short Circuit Protection         | yes  |
| Output Type                      | OptoMOS Relay  |
| Lifetime                         | 5 million actuations                                   |

#### **Approvals and Compliances**

<sup>&</sup>lt;sup>1</sup> on request also available as NC / <sup>2</sup> on request also available with cable or connector

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

#### **Application standards**

Application standards where the product can be used

| Organization | Design                         | Standard     | Description   |
|--------------|--------------------------------|--------------|---|
| <u>IEC</u>   | Designed for applications acc. | IEC/UL 60950 | IEC 60950-1 includes the basic requirements for the safety of information technology equipment. $ \\$ |

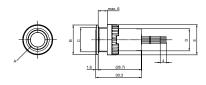

#### **Compliances**

The product complies with following Guide Lines

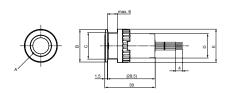

| Identification | Details | Initiator   | Description   |
|----------------|---------|-------------|---|
| RoHS           | RoHS    | SCHURTER AG | Directive RoHS 2011/65/EU, Amendment (EU) 2015/863  |
| REACH          | REACH   | SCHURTER AG | On 1 June 2007, Regulation (EC) No 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals 1 (abbreviated as "REACH") entered into force. |

| 22            | Backlighted       | multicolor             | without      | latching       | Ceramics          | Knurled nut | 3-101-425    |
| 22            | Ring Illumination | red / green            | with         | latching       | Stainless Steel   | Knurled nut | 3-101-405    |
| 22            | Ring Illumination | red / green            | without      | latching       | Stainless Steel   | Knurled nut | 3-101-431    |
| 22            | Ring Illumination | multicolor             | without      | latching       | Stainless Steel   | Knurled nut | 3-101-430    |
| 22            | Backlighted       | multicolor             | with         | momentary (NO) | Ceramics          | Knurled nut | 3-101-427    |
| 22            | Backlighted       | multicolor             | without      | momentary (NO) | Ceramics          | Knurled nut | 3-101-424    |
| 22            | Ring Illumination | multicolor             | with         | momentary (NO) | Stainless Steel   | Knurled nut | 3-101-404    |
| 22            | Ring Illumination | multicolor             | without      | momentary (NO) | Stainless Steel   | Knurled nut | 3-101-429    |

Common parameters for all standard variants:

- Housing material: stainless steel
- Switching current: 100 mA
- Illumination supply voltage: 5 V 28 V (variable) IP protection: IP67- IK protection: IK09
- Terminal connection: wires (8 wires for RGB, 4 wires otherwise), standard wire length is 200 mm  $\,$

Latching and momentary NO switch are open after power-up (protection against unintended switching) NO: normaly open

Most Popular.

Availability for all products can be searched real-time:https://www.schurter.com/en/Stock-Check/Stock-Check-SCHURTER

Minimum order quantity for standard variants with or without laser marking is 10 pieces.

Configurations which are not listed as standard in the table above can be requested as customized variants. The configuration code can be used for customizing this product. Please contact us in case more detail information is needed.
