

Pioneer

Designed By Maria Bruun, 2023

The sculptural Pioneer stools combine good seating comfort, functionality and a sculptural design language that elegantly combines the seat's soft and round design with the wooden frame's sensuality.

The four vertical legs of the wooden frame are united in a cross composition with elegant indentations, where the light, upholstered seat cushion, is placed on top. In contrast, the detailed indentation on the underside completes the overall artistic impression. The stool's simple, unique and distinctive combination of shapes and materials is a modern take on Scandinavian design that combines functionality with Bruun's recognisable sculptural minimalism.

MODEL

6830 - Stool, H 46 cm

MATERIALS

Stackable stool with a base in solid wood. Seat consists of an inner construction of a MDF core with HR or CMHR foam and upholstered with a removable fabric cover with zippers or non-removable cover in leather. Upholstered seat is removable. Metal screws and fittings. Mounted with plastic glides, felt glides are available.
