

Plan Table

Designed By Edward Barber & Jay Osgerby, 2022

The Plan Table Modular is a versatile table system where tables can be built together to form long tables for collaboration setups, conference rooms, or canteens. Based on the components seen in the rest of the Plan Table family, tabletops and leg gates can be added to form precisely the table suitable for the interior designer's project.

The shortest modular table is 260 cm long and is either 100 cm or 120 cm wide. It can be extended to unlimited lengths depending on which and how many of the eight different modules are selected.

RESPONSIBILITY

Fredericia's furniture is intended to be passed on from generation to generation. The core values of good design are rooted in the sense of responsibility and use of natural materials, ethical methods of production and respect for the people using our furniture every day.

RESPONSIBLE PRODUCTION

A Fredericia product is produced locally in Denmark at our own production facilities or by our long term suppliers in Denmark and Europe.

Through the application of our Code of Conduct we ensure that our suppliers meet our demands in regard to human rights and environmental responsibility.

LIFE CYCLE ASSESSMENT DATA

We calculate the environmental footprint on a broad range of our products and offer product specific Lifecycle Assessments upon request.

Our Lifecycle Assessments follow the EU's Product Environmental Footprint methodology (PEF).
