

Plan Table

Designed By Edward Barber & Jay Osgerby, 2022

The Plan Table Modular is a versatile table system where tables can be built together to form long tables for collaboration setups, conference rooms, or canteens. Based on the components seen in the rest of the Plan Table family, tabletops and leg gates can be added to form precisely the table suitable for the interior designer's project.

The shortest modular table is 260 cm long and is either 100 cm or 120 cm wide. It can be extended to unlimited lengths depending on which and how many of the eight different modules are selected.

- Configuration M, 500 x 100 cm

MATERIALS

Base in tubular steel, brushed or powder coated. Tabletop in nano laminate or Really textile table top. Standard table tops will be delivered with rounded edge profile. Mounted with plastic glides. No felt glides available. Cable management set and cut out available. Cables can be led through the base leg and out through the plastic glider included in the Cable management set. Cover for cut out available in black powder coated metal or natural saddle leather made from leftover leather from the production of The Spanish Chair.
