

# Søborg Wood base Chair

Designed By Børge Mogensen, 1950

The Søborg chair is a comfortable chair with generous proportions in the seat and back, both of which are available with or without upholstery. This makes the chair suitable for restaurants as well as meeting rooms, casual workspaces and private homes. Børge Mogensen presented the first version of the wooden chair in 1950 and later expanded the series with several variants. The Søborg chair has replaceable components that can be renewed separately as needed.
