

Søborg Metal base Chair

Designed By Børge Mogensen, 1952

The Søborg chair is a comfortable chair with generous proportions in the seat and back, both of which are available with or without upholstery. This makes the chair suitable for restaurants as well as meeting rooms, casual workspaces and private homes. The chair was designed in 1952 and is one of Børge Mogensen's rare works in steel. The Søborg chair has replaceable components that can be renewed separately as needed.

RESPONSIBILITY

Fredericia's furniture is intended to be passed on from generation to generation. The core values of good design are rooted in the sense of responsibility and use of natural materials, ethical methods of production and respect for the people using our furniture every day.

RESPONSIBLE PRODUCTION

A Fredericia product is produced locally in Denmark at our own production facilities or by our long term suppliers in Denmark and Europe.

Through the application of our Code of Conduct we ensure that our suppliers meet our demands in regard to human rights and environmental responsibility.

LIFE CYCLE ASSESSMENT DATA

We calculate the environmental footprint on a broad range of our products and offer product specific Lifecycle Assessments upon request.

Our Lifecycle Assessments follow the EU's Product Environmental Footprint methodology (PEF).

To learn more about how we work with responsibility at Fredericia, download our Impact Report here:
