

Mining and Metal Wrapped 2026

Fieldfisher's Mining and Metals team is an integrated cross-departmental team advising companies and their funders in relation to mining and metals projects and operations across the world.

Our international team comprises lawyers across the firm's international network, with mining specialists in the UK, Belgium, France and Spain. We support on all aspects of business in the mining and metals sector, with experts in equity capital markets, debt finance, restructuring, through to construction, disputes and investment treaty arbitrations, regulation, tech, cybersecurity, corporate matters and M&A.

Under the leadership of Co-Heads of Mining, Melanie Talbot and Oliver Abel Smith, the Fieldfisher Mining and Metals team managed transactions, litigation, and general advisory services worth over **USD \$440 million** last year.

Alternative Legal Services

condor Fieldfisher Condor is a unique platform offering clients a range of customisable and process-efficient services which go beyond the traditional law firm offering and include contract management, document review, legal technology and flexible resourcing.

Our legal specialists service some of the world's largest international corporations including major technology firms, pharmaceutical and life sciences companies, energy suppliers, infrastructure companies, global banks and financial institutions.

We also work with small businesses, charities and governments and provide pro bono support to not-for-profit organisations. As an entrepreneurial, pragmatic and socially conscious firm, we embrace our purpose as a trusted, client-focused corporate citizen.

tls Fieldfisher Trading Legal Solutions offers flexible and bespoke legal trading support with drafting, review, negotiation and execution of legal documents.

X Fieldfisher X delivers precise, cost-effective and time-efficient management of mass litigation and other legal services.

Key industry sectors

Energy & Natural Resources

We work with clients across the energy and natural resources spectrum, with a particular focus on power, renewables and the energy transition.

Financial Services

With expertise in asset management, banking, FinTech, market infrastructure and service provision, we offer solutions to global investment and commercial banks, institutional asset managers, hedge funds and non-bank lenders.

Life Sciences

We advise clients throughout the life sciences industry on a range of complex legal matters, as this important sector grows and innovates to meet the changing medical and healthcare needs of the global society.

Technology

We operate at the forefront of international tech law with a deep understanding of how it impacts business from a regulatory, legal or commercial standpoint.
