About FIS

Founded in 1924 during the first Olympic Games in Chamonix, France, the International Ski Federation (FIS) aims to promote the sport of skiing and snowboarding and directs the development of all ski and snowboarding activities world-wide. FIS succeeded the International Ski Commission (CIS) that was established during the first International Ski Congress held on 18th February 1910 in Christiania (later Oslo), Norway. 2010 marks the 100th anniversary of international skiing and sees the sport embarking into its second century.

FIS administers the Olympic disciplines of Alpine Skiing, Cross-Country Skiing, Ski Jumping, Nordic Combined, Freestyle Skiing and Snowboarding, including setting the international competition rules. With the help of its 110 member nations (one currently suspended), it stages more than 6'000 ski and snowboard competitions annually. FIS also makes recommendations for recreational skiing and snowboarding in the interest of all and promotes play in the snow as a healthy leisure activity for children and the youth. For more information, please visit www.fis-ski.com.
