2708

Contact

2708.1 Intentional contact by pushing, pulling, positioning an arm in front of another competitor to avoid being passed or other means which causes another competitor to slow down, fall or exit the course is not allowed. Blocking, by intentional movements of the body or an abrupt and radical changing of the actual riding line for blocking reasons is also not permitted. Any of the described intentional contacts will cause an ~~automatic disqualification~~ sanction. Unavoidable "casual contact" may be acceptable. All contact infractions will be at the discretion of the course Judges and competition Jury.

2708.2 **Sanctions caused by intentional contact**

If there is an infraction of rule 2708 (intentional contact) the competitor will be sanctioned according to the "Sanction System", as follows:

Warning (WRG): two warnings during the same competition shall lead to a Yellow Card

Yellow Card/ RAL: competitor will be automatically ranked as last in their heat and listed as RAL (Ranked as Last) in the result list and will be ranked last at the end of the 4th/6th ranked competitors, but before the DNS. All other competitors, even if they are victims of this intentional contact, will be ranked as they came into the Finish. In case they do not cross the finish line, the rankings of the remaining competitors will be based on the location where they ceased making correct passage of the course. The competitor that has made it further down the course correctly will receive the better rank. WC/CoC: the Yellow Cards remain with the competitor. Two Yellow Cards issued to a competitor within a competition season in WC or in one of the CoCs will lead automatically to a Red Card. Yellow Cards given in different competition levels or in different CoCs shall not be counted together. A competitor who receives a Yellow Card is not permitted to start in any further heat in the competition.

Red Card /DSQ: competitor will be disqualified from the current competition, listed at the end of the result list and not get ranked. DSQ shall result in the suspension of the competitor from the next competition at the same level (WC, EC, NAC, SAC, AC or ANC)

The color of the card and its related sanction will depend on

- a) whether the offender gained an advantage from the action
- b) whether the fault was serious enough to constitute unsportsmanlike behaviour
- c) the related consequences of the action.

2709**Protests**

2709.2 There shall be no protests of a decision that a competitor has violated Rule 2708.1.

2709.23 Handling of Disqualifications / Sanctions caused by intentional contact interference
Re-runs

No re-runs will be conducted in SBX in cases of intentional contact(s). Re-runs will only be considered by the Jury in the case of force majeure or if the competitor(s) were interfered by other persons or circumstances ~~from outside~~ of that presented by fellow competitors in that heat. A rerun may only be considered if the interfered competitor potentially would still have had the chance to advance. The number of starters for the rerun depends on the race situation when the interference occurred. e.g. if there were two athletes clearly leading the heat from top to bottom those two will not have to rerun the heat. If a competitor misses a gate due to interference and clearly does not gain any advantage this action may not be considered as a “did not finish”.

2710.3**DNS, DIC, RAL DNF in SBX Finals**

A competitor who does not start in a certain round will be automatically ranked on the last position of the respective round. (e.g. 1/8 final ranked 32. ¼ final ranked 16.) If two or more competitors do not start, all DNS competitors will be ranked on the last places in this round (31/32nd, 15/16th) according to their qualification rank and so on with 3 or more DNS competitors. A competitor who receives a DNF (sports disqualification) will be ranked on the last place in the heat according to the qualification time, but better than athletes who received a RAL~~DIC~~ or DNS. If two or more competitors are DNF, they will be ranked in the heat on the respective position according rule 2706.7.13(Ranking of competitors that Do Not Finish). ~~DICRAL (intentional contact, etc.~~ (Ranked as Lasts) will receive automatically the 4th place in this heat and will be ranked last at the end of the 4th ranked athletes, but before the DNS

~~A competitor who did not start (DNS) in the semi-final is allowed to start in the small final.~~

2711 Snowboard Cross Team ~~/(SBX-MixedTeam)~~

2716 Execution of a SBX Team / Mixed Team

2716.1 **Qualification**

The most current World Cup Standing List or FIS points list (whichever is higher) will be used to determine the participating nations teams. The list is sorted by Nation and ranked highest to lowest within each nation. The points are combined for all nation pairs of [athletescompetitors](#) from top to bottom.

SBX Team

In case of a limitation of the start field (8 ladies and 16 men) the nations teams are ranked by points and teams are chosen for entry by moving down the list choosing the highest 2 ranked teams from each nation out of the top 4 ladies and top 8 men`s teams. Afterwards all eligible teams can enter their number 1 team first (Top 4/8 ranked teams might therefore have 2 teams qualified before the lower ranked nations can enter their number 1 team) . Then starting at the top of the list again to choose the second (if any) ranked team from each nation, repeating as necessary, until 8 teams for women and 16 teams for men have been reached.

Mixed Team SBX

In case of a limitation of the start field (8, 12 or 16 mixed teams) the nations teams are ranked by points and teams are chosen for entry by moving down the list choosing the highest 2 ranked teams from each nation out of the top 4, 6 or top 8 teams. Afterwards all eligible teams can enter their number 1 team first (Top 4/6/8 ranked teams might therefore have 2 teams qualified before the lower ranked nations can enter their number 1 team). Then starting at the top of the list again to choose the second (if any) ranked team from each nation, repeating as necessary, until 8, 12 or 16 teams have been reached.

2716.3 **Teams eligibility**

SBX Team

Once the nation teams qualification and seeding ~~is~~are determined, each nation can field any eligible competitor (*) into their team. Similar to regular SBX, lane choice is determined by each nation`s team seed, within each heat. Before the start of each heat the nations determine by themselves which teammate will run 1st and 2nd. e.g. the lane choice will be declared in the following order: seed 1, seed 2, seed 3, seed 4, and then teammate running order will be declared in the following order:- seed 4, seed 3, seed 2, seed 1.

* Qualification requirements are according to the necessary minimum FIS points for participation in individual SBX at the respective level of event (e.g. WC minimum 50 FIS points). Furthermore all participants have to be entered as a part of their nation's regular quota for SBX.

Mixed Team SBX

Once the nation teams' qualification and seeding are determined, each nation can field any eligible competitor (*) into their team. Similar to regular SBX, lane choice is determined by each nation's team seed, within each heat. Before the start of each heat the lane choice will be declared in the following order: seed 1, seed 2, seed 3, seed 4. The decision which gender will start first will be communicated at the Team Captains' Meeting.

* Qualification requirements are according to the necessary minimum FIS points for participation in individual SBX at the respective level of event (e.g. WC minimum 50 FIS points). Furthermore all participants have to be entered as a part of their nation's regular quota for SBX

2717.3

Start Stop

In the case of a crash while the 1st teammates are on the course, and where the crashed competitor(s) remain in an unsafe position on course, it may be necessary to stop the start a heat before the gates of the 2nd teammates open.

In this case the 2nd teammate's heat will get started, once the course has been safely cleared, with the respective time delay or the maximum penalty time. For the re-start if the start gate cannot be opened respecting the time delays or the maximum penalty time, all competitors re-start at the same time.

The penalty time is calculated by taking 63% of the average of the best individual competition race qualification per discipline per gender, with a maximum of three (3) seconds (e.g. $(1:04 + 1:02 + 0:561 + 0:458) / 4 = 6049,5 \text{ sec} * 63\% = 2,974,8 \text{ sec}$).

If there is no individual race time as a reference this calculation result has to be estimated and confirmed by the race jury.

If the heat competition has to get stopped during the 2nd teammate's heat or some of its athletes being already on the course ~~in this instance the complete 2nd teammate's heat will get restarted, once the course has been safely cleared, with the respective time delay or the maximum penalty time. However, in case of an obvious manipulation provoking a rerun, the Jury can decide that~~ the results of only the 1st teammates may will stand for that heat. -

In the case where there is only one finisher, then the one team who's 1st teammate finished advances. Once the course has been safely cleared the other remaining teams 2nd teammates will compete with all gates opening at the same time to see which team advances 2nd.

A team which has been disqualified is ranked DNF cannot continue to participate. A start stop during a SBX team event should only be confirmed given by the Race Director who should therefore have clear overview visibility of the course.

~~Only if the start gate can be opened respecting the time delays crossing the finish line (e.g. WC), or by a maximum penalty time: In the case that one or more athletes finished the 1st run and the start has been stopped before any of the 2nd teammates gates were opened, the 2nd teammate's heat will get started, once the course has been safely cleared, with the respective time delay or the maximum penalty time. The penalty time is calculated by taking 3% of the average of the best individual race qualification per discipline per gender, with a maximum of three (3) seconds (e.g. (1:04 + 1:02 + 0:56 + 0:58) / 4 = 60 sec * 3% = 1.8 sec). If there is no individual race time as a reference this calculation result has to be estimated and confirmed by the race jury.~~

2720.2

DNS, RALDIC, DNF in SBX Team Finals

If a team does not start in the round of 16 or 8 it will automatically be ranked in the 16th or 8th position. If two or more teams do not start, the DNS teams will be ranked 16/15th or 8/7th according to their seeding position and so on with 3 or more DNS teams.

Order of placing: DNF (sports disqualification) to be ranked 4th – last place in the heat according to the qualification time. If two teams are DNF they will be ranked last in their heat according to rule 2706.7.13 (ranking of competitors that Do Not Finish), DNS to be listed after all 4th ranked teams. DIGRAL (Intentional Contact, etc. Ranked as Last) to be listed last at the end of the 4th ranked teams before the DNS teams. A team which does not start in the 1st round will appear as DNS on the result list

~~A team which did not start (DNS) in the semi final is allowed to start in the small finals.~~ If the first round of a team event competition consists of the semi-finals phase already (8 teams only) a team that does not start will appear as DNS on the result list.
