The column „points“ indicates the results of Day 1, converted into minus points for the jumping event at the beginning of Day 2

Ski Jumping Competition, Day 2

The white box above the name indicated the current TRIPLE rank
The minus points are directly calculated into the ski jumping score

Result after jumping

The score shown after the jump is the final score. The minus points from the previous day are already deducted. In case the athlete takes the lead, the box above his name will turn green (as shown above). The digits in the box indicate the time advantage he has on the current second-placed athlete for the race.
