

Registration for Electronic Invoice Forwarding

Company Name		Customer Number	
Address			

We herewith confirm our agreement to have our invoices forwarded to us electronically. In the future, Flintec invoices should be sent to the email address below. The electronic email replaces the paper invoice per mail completely. Once we have received this registration form, the conversion to the electronic transmission of your invoices will start automatically and no further confirmations from Flintec will be made.

Notice:

Please keep in mind that invoice forwarding per email can only be made to a central email address. Please enter the desired email address in the appropriate box below and confirm with your signature that you are authorized to make this change for your company.
