

# RoHS Compliance Declaration

Flintec Transducers (Pvt.) Ltd. hereby declares that its standard products comply with the stipulations of Directive (EU) 2015/863, which is an amendment to the Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU, enacted by the European Parliament and the Council on 8 June 2011. These directives govern the use of certain hazardous substances in electrical and electronic equipment. No exemptions to the amendments to Annex III of Directive 2011/65/EU have been sought or applied.

The information in this declaration is provided to the best of our knowledge and is substantiated by supplier-provided Certificates of Conformance (CoC) and Material Safety Data Sheets (MSDS). As such, we affirm that none of our products intentionally contain any of the restricted substances listed below, beyond the maximum concentration values permitted by weight in any homogeneous material.

# REACH Compliance Declaration

Flintec Transducers (Pvt.) Ltd. hereby declares that its standard products comply with the Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH) regulation (EC) 1907/2006. Based on Certificates of Conformance (CoCs) and Material Safety Data Sheets (MSDSs) provided by our material suppliers, we affirm that, to the best of our knowledge, our products are free from Substances of Very High Concern (SVHCs) listed up to 21 January 2025 (247 substances), as declared by the European Chemicals Agency (ECHA).

Given the dynamic nature of environmental regulations, we are committed to the continual monitoring of SVHCs as defined by REACH within our products.

The identification and regulation of SVHCs is an ongoing process, with updates being released in phases. For the most current list of SVHCs under REACH, please consult the ECHA website:
