The parts of standard EN 60079-15 relating to the ignition protection class nA have been adopted in standard EN 60079-7 from the 2015 edition. The marking is now "ec".

For equipment for use in Zone 2 (Category 3 equipment), the manufacturer can issue an EC declaration of conformity on its own. Equipment with ignition protection type "ec" must comply with the EN 60079-7 standard.
