

Important Installer Information

Flogas Approved Installer Programme

Installer Incentive Terms and Conditions

These terms and conditions apply in conjunction with the relevant **Flogas Home Heat customer offer terms and conditions** applicable in the Republic of Ireland or Northern Ireland.

To qualify for the Flogas Installer Incentive, the following conditions apply:

1. Customer referral

The prospective customer must be advised that a Flogas representative will contact them regarding their Home Heat enquiry.

2. Eligible customer and installation

The prospective customer must:

- be a new Flogas Home Heat customer;
- be installing a liquid gas (LPG) heating system;
- live in a privately owned and permanently occupied domestic property; and
- be completing a qualifying single-tank installation.

3. Qualifying installer-generated lead

To qualify for the Installer Incentive, the prospective customer must be a **new qualifying Home Heat lead introduced directly to Flogas by the installer claiming the incentive.**

The Installer Incentive does **not** apply where the customer lead has been generated by Flogas and subsequently passed to an installer.

4. Incentive payment

For each qualifying installer-generated customer conversion, the installer will receive:

- **€250 in the Republic of Ireland / £250 in Northern Ireland for each eligible conversion,** and
- **an additional €1,000 / £1,000 for every 10 eligible installer-generated conversions.**

This means an installer can earn up to **€3,500 / £3,500 for every 10 eligible installer-generated conversions.**

5. One incentive per installation

Only one **€250 / £250** installer incentive payment will be made in respect of each qualifying new Flogas Home Heat installation.

6. Payment

The **€250 / £250** incentive payment will be processed after the qualifying customer has received their **first gas delivery.**

The additional **€1,000 / £1,000** bonus will be processed once the required 10 qualifying installer-generated conversions have been achieved in accordance with the programme requirements.

7. Eligibility verification

Flogas reserves the right to verify that the customer, lead and installation meet the eligibility requirements of the Installer Incentive before any payment is made.

8. Changes to the programme

Flogas reserves the right to amend, suspend or withdraw the Installer Incentive or these terms and conditions at any time.

For further information, please contact your Flogas representative.
