Choose a Special Finish

Requires ordering a sample door in your chosen finish.

Heirloom Finishes

Sand-thru, over-sanding, artisan glaze and rag marks simulate an aged look. Available in all 13 solid colors.

Antique and Furniture Glazes

Antique Glaze highlights corners and recessed details of doors.

Furniture Glaze uses less pigment, for a more subtle treatment.

Artisan Glazes

This glaze concentrates in the corners and recessed details of the doors, as well as leaving a subtle glaze over flat surfaces (especially in open-grained wood species).

Only available on Cherry.

Riverstone Finish

A subtle, artistic finish featuring a sandblasted effect that raises natural grain patterns. Artisan glazing is then applied over the entire surface.

Carriage House Glaze

Soft halo effect, darker at edges of panels, plus Artisan Glaze. (Not shown: Platinum and White)

Distressing and Old World

Distressing simulates decades of wear and tear with random dents, marks and gouges. Old World offers an authentic, heavily-worn appearance treatment.
