

Shaira Espino / professional floor covering designer

Shaira Espino was born and raised in Yigo, Guam. She moved to San Diego by herself to pursue a career in interior design, obtaining a Bachelor's Degree in Fine Arts. She worked as an interior designer for 2 years while freelancing as an artist. From there, she pursued stage set design and has always prioritized making a connection to people through design. In her free time, Shaira enjoys having slow moments in life. Painting and reading books like "The Power of Now" by Eckhart Tolle keep her grounded. Staying active through outdoor activities and going to the gym encourages the values she holds in life, becoming the best version of herself. She came from a family of 5, being the middle child of 3. Her family, scattered in different parts of the world like Philippines and Japan, pushes her to reach her goals.

Shaira is a people person who thrives from the excitement others feel when they have a vision come to life. Having worked in different creative fields, she understands how important it is to be able to communicate a certain style in a home, because she herself believes your home should be your safe space and being a part of that is a privilege to an artist. She is committed to making sure her time and skills are being used to it's fullest potential, meaning your home will be in good hands.

As your Design Consultant at Metro Flooring, Shaira is passionate about making people happy. She genuinely wants to build genuine relationships through her work, and the only way for her to achieve that is by making sure she's giving you the right product for your home.
